Modern Money

book for the bank of Etruria.

(A first outline of a prospective volume)

Hyman P. Minsky

Washington University

St. Louis

Heracletes: One never steps into the same river  
twice

"Toto, I believe we are not in Kansas"

The subject is the practice of money and banking in the age of computers and communicatrion. Use the credit, charge and debit card material as well as the securitization material and the explanation of the behavior in an era of rapid institutional change and heightened uncertainty of a financially sophisticated monetary production economy.
