Bohrs' Head Dinner to Follow Carol Service

Traditional English Custom Will Be Followed.

Once again approaches the coldest and last season of Christmas. Once again do St. Stephens College celebrate that season, by holding on Monday evening, December 17th, the "Carol Service: Alma Pontificia." At this feast, blessed both by tradition and good cheer, the toast master will be Dr. Bell.

The speeches will be made by the customary persons: Drs. Davidson and Upjohn, new members of the faculty; J. A. Walkinsmith, President of the Corporation; and the junior member of the student body. Father Crosby will be the singing master. The programme will be Harvey Fite the master. And so the first of our college will draw to a close amid the singing of some of the college's choicest songs of wassail.

For the benefit of the many new men in the college the following program of the day's events is printed. Incidentally the study of the items below may do wonders in brushing up some dusty Latin, besides furnishing the information necessary.

Dum APRI CAPIT defertur, defor- men, cetera est... ('A happy new year. And God send you a happy making the best aggregate time In a slow and loosely-played

The varsity cross country team, awarded three awards this year to the man making the best aggregate time over the three course, namely, the Carols: (1) The First Noelle (1856) (b) Hymn 78: "Or Rock of the Boavis'-head Night (Hymn 74). (2) The First Carol, (3) The First Carol, (4) The First Carol.

In the making up the award each man has been given credit for the best time he made over each distance at any time during the season. In one of his two men completed first in the fall and then due to illness or absence neglected to try again when in better condition for that reason there total in better than might be expected.

The progress of the squad during the season is particularly evident if one recalls that in the very first time trial of the year, held over the Walhalla course on Sept. 27, Weber won by a large margin in the time of 17.01. During the autumn he reduced his record forty one seconds and simultaneously four other men did better than 17 minutes.

As usual the cup will be presented at the annual Boys' Head Dinner, which is held after Christmas at the time of awarding of the letters of letters and continued on Page Four.

EDITORIAL

Ten Pins

By the time this goes to press, the basketball team will have played the first two games of its season. We realize that our magazine has talked about support of the team before, but it can not be emphasized enough. We need it more than ever.

It is the duty of every man in the school to do all in his power to make the most of the team. We cannot do anything for it by ourselves; we must make the most of what we have been given. It is the duty of every man in the school to do all in his power to make the most of the team. We cannot do anything for it by ourselves; we must make the most of what we have been given.

A great many people have talked about support of the team before, but it can not be emphasized enough. We need it more than ever.

A great many people have talked about support of the team before, but it can not be emphasized enough. We need it more than ever.

The team will be the best team in the school, and the best team in New York, and the best team in the country, and the best team in the world, if we all do our part.

We do not ask for many things from you, but we ask for one thing only: that you will do your best to make the team the best team in the world.

The team will be the best team in the school, and the best team in New York, and the best team in the country, and the best team in the world, if we all do our part.

COACH PHALEN ISSUES CALL FOR HOCKEY MEN

Fifteen candidates responded to Coach Phalen's call on December 9th for all men interested in hockey. The first of a series of "trail-tail" was given and the new rules were explained. Four positions are open on the team, but experienced or inexperienced men will be given an opportunity to compete.

The small group was highly enthusiastic over the prospects of St. Stephen's first intercollegiate hockey team. Six veterans reported for instruction: Captains "L. E." Smith, C. Miller, C. Andrews, Fred Schnell, Reiilly and T. Bloomquist. Three candidates from last year's squad were present: Kelly, Hatfield and Gamble. Six new men reported from the freshman and sophomore classes: Taylor, Sanford, Griffith, Dewey, Kenn, Smith and Zehnder.

Coach Phalen spent an hour explaining in detail the new rules and working out simple plays on the blackboard. "Skill practice" will be held each week until the risk can be found.

The lack of rain and water has presented a serious problem to the managers. The cows are using forest to use near-by pond until a satisfactory method of pumping water into the rink can be found.

FRATERNITY ROW

Flint Kellogg '31 is in Pasadena, California until February, recuperating from his recent illness. He expects to return to college next semester.

On the morning following the game of last week the Russian Frosh held an open-house breakfast party in the Student Recreation Room in Albee Hall, and was host to the greater part of the promenaders and the guests.

Russian Frosh wish to announce the initiation of Robert Gumble '30, on the evening of November 19th.

Rapid progress is observed in the construction of the new Chapter House. The plumbing, heating fixtures and plastering, are to be taken in at once. The new house will begin its life of service promptly with the new year.

St. Stephen's 76

A Basketball Team Has Good Prospects

In a game that interested only because of its humorous note, the Frosh played around with the Cooper Union five, Saturday, December 11th.

The Frosh ran on a score of 76 points, while the "New York" College, the Frosh, by a few more, hurriedly redressed to make up a score of 8 points.

The semi-final football game between the Frosh and Sophomore teams was held at the 23rd St. field.

Dec. 19—Wednesday—3:30 P. M. Christmas vacation begins.

Chas. Rann Kennedy Presents Own Play

On the evening of Monday, December 19th, the college was given the honor of seeing Charles Rann Kennedy, Edith Wyman Matl athion and Margaret Gage in "Old Nobody," one of Mr. Kennedy's own plays.

The acting was excellent; so ex- cepted that one was not conscious that it was acting. Mr. Kennedy, in the title role, was remarkable, leaving a lasting impression in the minds of everybody who saw him.

As to the play itself, there will be no attempt to describe it (other than to say that, it was one act long), for it was one of those works of spiritual value which are of such a delicate nature that they cannot be given justice to in a descrip- tion written with care.

Cooper Union Press has at- tempted to interpret what is to his public, it is adapted to his own kind of acting so closely that it does not need so well as it acts, and cannot be set by anyone so effectively as by Mr. Kennedy.

If this is the case, the college can consider itself doubly fortunate in having had the opportunity to see last Monday's production.

Charles Rann Kennedy is an Englishman by birth. As both playwright and actor he has ac- quired considerable distinction in England and this country. Perhaps his best known work is "The Servant in the House," which has become a part of the education of every English-speaking child since it was written. In "Old Nobody" it is inter- esting to see how closely it follows the lead of the writer's earlier work.

Hudson River Wins

Found to Be Most Educated

Reports have come to our ears of late concerning the relative failure of education possessed by the various rivers in this country. Some people have maintained that the Charles River is our most learned stream, while others have argued that nowhere else in the world is there so numerous a field for the study of the moment. We are forced to state that these people are wrong. Our men rolled up six more than total, and showed much promise for the background of the Hudson. This was evidenced by the fact to see the ball roll around the bas- ket, and shows that they were to

Lyre Tree Board

Discusses Policies

A regular meeting of the editor- al staff of the Lyre Tree Board was held on Thursday, November the 22nd.

A new heading for the front page of the paper was adopted, to appear on the next issue. Another material improvement made by the board was the addi- tion of a photographic department. It is the intention of the staff to print one or two photographs in each issue of the paper. Three

Dr. Bell will offer an elective course open only to seniors, one hour a week for the second semes- ter, of Religious "The Relation of Scientific Method in Reality." This is a course de- signed for students who have a thor- ough grounding in science and is intended to suggest a possible modern philosophy of religion. The work will consist of the reading of certain books which are, at the moment, of commanding influence, an analysis of such reading, and discussions on the basis of it. The volumes chiefly used will be Streeter's "Reality" and a book by several authors entitled "Science, Religion, and Reality." It will be expected that at least two hours careful reading will be done each week, in addition to the one hour of discussion. The course will carry one unit. No one may regis- ter for this course without permis- sion from Dr. Bell, who is to be the instructor. The applicant is to show that he has sufficient mental breadth and tolerance to undertake this work. The work will be open for one, two, or three men; no more will be accepted.
