Outplay Rivals, But Unable To Score More Than Once

The fast game of the soccer season showed that both Stevens Tech and Colby had arrived in a tie, one to one. Four periods were not enough time to break the deadlock, and although an extra period was played, neither side succeeded in scoring for both sides. However, S. C. outplayed her rivals by a clean sheet margin.

Glenn was outstanding on the defense. The offensives were not mentioned, for it was excellent. The visitors, Meinen and Meinhold, starred.

The first period was fast and furious. The ball was in the Tech territory most of the time and St. Stephen's was playing. The period ended with the score nothing. During the second period, Craven and Foster starred on the offense, while Glenn was excellent on the defense. However, the ball of St. Stephen's starred on the offense, while Glenn was outstanding on the defense, with the score one to one. Four periods were not enough time to break the deadlock, and although an extra period was played, neither side succeeded in scoring for both sides. However, S. C. outplayed her rivals by a clean sheet margin.

Sanford and Haynes with Doctor Wilson's party entertained at home of George Dussel—Sends report to Lyre Tree

It should be of great interest the changes in general to learn of the reception given by George Dussel, his attractive and enthusiastic wife, Dr. Dussel, and their lovely daughter to a group of students such as the Lyre Tree, representing the students of the University of Southern California, and also alumni of the university. It was quite interesting to see the reaction of the students to the hospitality of the Dussel family. It was a pleasant evening, filled with laughter and good conversation.

We were welcomed with flags and a spirited march led by a band, and then ushered into a large, elegant house. The dining room was gracious, and the guests were seated at long tables, each with a flower arrangement in the center. The food was superb, and the service was attentive. After the meal, we were treated to a concert by a local quintet, consisting of three men and two women. The performance was excellent, and the guests were thoroughly entertained.

A highlight of the evening was the presentation of gifts to the students by the Dussel family. They gave each of us a beautiful piece of jewelry, which we appreciated very much.

It was a memorable evening, and we were grateful for the opportunity to be hosted by the Dussel family. We wish them all the best in the future.

GERMANY WELCOMES AMERICA

Lyre Tree Corrections

Kenneth Harter, B. A., 1869, was student at the Columbia College. He is a student in the School of Business Administration, which is not Columbia College.

Barefoot, B. S. A., 1870, at Cambridge Theological Seminary is one of the offices at the Cambridge School in New York City.

In the article on the Presiding Bishop of the P. C. Church it was stated that Dr. Leonard was a former student at St. Stephen's College. This is not correct. He was an alumnus of that school.

The following extract from the diary of the Rev. Frederick Prime, 1869, was received by the Messenger, two years ago and telling of the re-organized organization of the first few years of this college and the launch of the Bard Boat Club. On July 14, 1867, I was on the special Captain of the Boat Club, succeeding George Gresham, who was in command of the club during that year, A. J. Symington, 1st Lieut., E. L. Toy, 2nd Lieut. James Stryker, Purser, were elected at the same time.

During the season of 1867 and 1868, the crew was in charge of Capt. Symington and was in command in 1869. Toy, 1st Lieut., Stryker, Purser, and J. M. Wilson, 2nd Lieut., were elected at the same time.

It was a real enjoyable evening for all of us as a group, and for the geese which had been a part of the party for a long time.

As George left college to return to his native Germany, he knew that his time with us at George's parents, of whom he had been a close friend, was in command, one of all his songs, and began, "Gentleman's College. Special Course men were allowed to go everyone that demanded that we should sing a song and when we did, the students were choosing them with great care and continuing the last song was "Mississippi River to Barrytown" and "Annan-" do not telephone to the office about your correspondent found the Berlin paper I noticed an ar- nailing close to the two countries, and for all of us was an American song, and so we did, through the Culvert and down the Fishkill into his wicked old eye, but he was not permitted to come into contact with real German society, and much of his experience was in Germany, where he had been attending a military school. He was interested in the presence of the children, soberly telling the story, and saying, "Mr. Libaire, I protested, "I know nothing of two words about the soccer season." But most Germans have a very deep interest in sports, particularly soccer, and the story of the game that day was told in a way that was very popular among the students.

"These men, that's true," the editor answered, "but it seems to me we have a problem with our sport." In my office, I am a great lover of soccer, and I am always interested in how the game is played in different parts of the world."

"Well, I don't want to go into detail about the ball," the student replied, "but I will say that we had a very good game today."

"I'm glad to hear that," I said, "and I hope that you will continue to enjoy the game."

"Thank you," the student answered, "and I will try to do my best."
Education The Educated"

"Education for the Educated" is the slogan behind a new program designed to bring a closer relationship between the university and its graduates. Only recently have programs of the American Association for Adult Education been announced in New York City. By President R. B. Shaw, formerly director of the school of education at the University of Michigan, Mr. Shaw is one of the principal architects of the movement. Forty universities are preparing surveys of their local alumni, and in the Fall some of the associations will be publishing a list of suggested books sent to members. As Miss Monroe says, this is part and parcel of the effort to establish a nobility of the mind, an order of intellectual worth and strength which will elevate the universities and bring them closer to the community.

The Insurance Underwriters have already decided that cigarettes should not be sold in the Gymnasium. There has been a good deal of discussion in the past and a number of attempts have been made to educate students against the habit.

The College is respectfully request to adhere to this regulation and not to smoke only pipes in the Gymnasium at all times. A special request cannot be granted with it, for it will be necessary to prohibit smoking within the Gymnasium, a thing which the authorities will be loath to do.

At a recent meeting of the Faculty Council on October 11, it was decided that all female students who will graduate in June 1930, are to attend a meeting of the Glee Club representatives to be called for that purpose. The students will then have a chance to vote for a meeting at which decisions will be made.

ATTENTION STUDENTS

For self-supporting students desiring the exercises work either temporary or permanent, may I suggest that many students of both sexes have earned scholarships and cash sufficient to defray all college expenses; the following men were elected for the President of the Class of 1933 for the last of the year: President, J. H. Peeler, of Philadelphia, Peoria; Vice-President, J. W. Milton, of Holoyoke, Mass.; Secretary, K. L. Smith, of St. John's, N. Y.; and Treasurer, W. J. J. O'Connor, of Toledo, Ohio.

A meeting of the Student Council was held on April 11, to elect the officers for the coming year. The following were elected:

President, W. P. V., of the V. P. V. I. football team average.

The football team will be conducted on a strictly non-payment basis.

Fordham is one of the five teams in the country that have not been scored upon.

Of the five teams, the V. P. V. I. football team averaged about 100 points in the last, the College Year: Rate $15 Per Year.

For Further Particulars, see W. G. T. Bidditts, Jr.

The College is respectfully called upon to consider the educational worth and future of its students, and to create a new atmosphere of education.

The College is respectfully called upon to consider the educational worth and future of its students, and to create a new atmosphere of education.
Regulations For The Award Of Insignia
Adopted October 16, 1929.

To be applied by the advisory committee, in arriving at decisions as to which members of various teams shall be awarded numerals.

Sect. 1. - The official letter is to be a block letter S the dimensions of which are 6 in. by 4 in.

The plain letter S of the same dimensions will be awarded to the managers of sports and the seniors who are appointed as cheer leaders.

The letters are to be either of scarlet or white in color.

Sect. 2. - No student shall wear the official S except when in accordance with the following rules and regulations.

Sect. 3. - The ruling regarding practice sessions as stated under the heading of soccer applies to all other sports.

Sect. 4. - Students entitled to wear the S are:

A. Soccer

Those men who have played in two thirds all the scheduled games for one season and one-third of the aggregate playing time for one season. They shall also have participated in every regularly scheduled practice period, unless excused by both the coach and the captain for some legitimate reason.

B. Cross Country

Those men who have won as many points as there were meets during one season. The first B. S. C. man to finish in a meet to receive five points, the second B. S. C. man finished to receive four points, etc., the fifth B. S. C. man to finish to receive one point. He must also have participated in every meet scheduled for one season.

C. Basketball

Those men participating in the majority of the games scheduled and in doing so must have competed in one-fourth of the aggregate playing time for one season.

D. Hockey

Those men participating in the majority of the games scheduled and in doing so must have competed in one fourth of the aggregate playing time for one season.

E. Baseball

A pitcher must have pitched one-third of the innings played during one season. Any other player must have played one-half of the innings played during one season.

Sect. 5. - Managers. Those managers of athletic teams who complete satisfactory work of managing a team shall be awarded the privileges of the accumulation of his work in his senior year.

Sect. 6. - Numeralists. Those members of a team in which the S is awarded, who have one fourth of the requirements for the S in that sport, will be awarded class numerals.

Those members of a Jr. Varsity, who have completed the requirements, thus being the same qualifications of that sport, will be awarded their class numeral.

They shall be awarded to all cheer leaders, except the senior leader and not to the freshmen until the end of the fall season.

Sect. 7. - Captains. The captains shall be elected at the end of each sport season. Only men who have won their letter in that sport shall be allowed to vote. Selections do not vote. Where there are only two letter men left, the senior of the two will automatically be elected.

In the case where both have been a member of the squad for the same length of time the captain shall be appointed by the advisory committee.

Sect. 8. - Cheer leaders. There will be four cheer leaders. One selected from each class. The senior member to be their captain. A sweater will be furnished to each man to be used only at times of games, rallies, etc. In the senior year the captain will be presented with his sweater on which will be a plain S which he shall keep. Cheer leaders will be selected by public competition.

Sect. 9. - Advisory Comm. The advisory committee shall have the power to award or to withdraw the S or numerals for reasons not governed by the foregoing rules and regulations.

It shall also have the power to award the S to a senior who has conscientiously practiced and competed in a sport for 4 years, and has not been able to win his letter otherwise.

It shall have the power to appoint and replace managers.

The committee shall have jurisdiction over awards of any nature regardless of their origin, Advisory Committees, 1929-30.

W. D. Banks, Chairman.

An unskilled Unicorn at
All the cans up-plished on his plate,
Now when he loudly
"I've learned his favorite tale!
As for drinks, the general rule
When a thist-quenching potion is quaffed
I just order by length,
Quite regardless of strength.
Try, pour it a pint and a half!
An Ostrich who shopping would,
Thought the price of umbrellas too high:
"If you've enough brains
To come in when it rains,
Why spend such a sum to keep dry?
In the street, said the chivalrous
I shall slip from my family tree—
No antelope prudent!
Can weather this climate;
One season's worth ends me!
—John Mills Gilbert

John Mille Gilbert, '26, has recently returned from Europe after a three months' trip thru Italy, France, and Switzerland.

Alumni Notes

On October 13, Elizabeth Gronberg and G. Beerden Kunkel, '27, both of Carlisle, Pa., were married in the First Lutheran Church of Carlisle. Paul Whitcomb, '27, was the best man and James Millington, '27, was best man.

The newly married couple are now living in Raleigh, N. C., where Mr. Kunkel is manager of the Southern Printing Co.

Charles Mentzer, ex-'27, after having completed two years work at the General Theological Seminary, N. Y. C., has returned to his home in Tacoma, Washington, and will not finish his final year at the Seminary.

"Pete" Deloria, '26, has left the General Theological Seminary and returned to his home.

Revd. John N. Horton, '23, accepted in May the call to become the third rector of St. Mark's, Newc., succeeding Revd. Louis Werh- orbis Pitt, now rector of St. Mary's Church, Ardmore, Pa.

...in a kick it's DISTANCE!

"DO ONE THING, and do it well." In making cigarettes, choose the one thing that counts—good taste—and give full measure!

From start to finish, that's the Chesterfield story. Good tobacco, skillfully blended and cross-blended, the standard Chesterfield method of curing, rich fragrance, wholesome satisfying character—

"TASTE above everything"

DR. K. Q. CROSBY
MR. WALLERY LEMLEY
MRS. LEVERETT SMITH

Note To Editor: The Advisory Committee on Athletics was appointed by the Board of Trustees. Hereafter, they will determine the athletic policy of the college and will make all awards. The above rules will go into effect immediately. These rules have been accepted by the Trustees and approved by Dr. Bell.

EX '58

William F. Rotallack, organist at All Saints' Cathedral, Albemarle, N. C., on October 1st accepted the position of organist at St. John's Cathedral, Providence, Rhode Is- land. Mr. Rotallack is a former student of this college, and a gradu­ ate of the New York State Col­ lege of Teachers.

The Rev. Daniel Smith Wood, formerly assistant priest at the Church of St. James the Less, Philadelphia, Pa., this fall became Rector of St. Mary's Church, Springfield Center, New York, in the diocese of Albany.

Dr. Wallace J. Ducommun, '06, rec­ tor of St. Paul's Church, Flushing, Brooklyn, N. Y., was a recent vis­ itor on campus.

...in a cigarette it's TASTE!
Supply And Demand

Is Universal Law

We Get The Type Of Religion
Or Life That We Really Want

Says Professor Edwards

Dr. Lyford P. Edwards, Professor of
Ecclesiastical Theology, was the preach-
er in the Chapel on Sunday morn-
ing, October 21st, in a discourse on
"The Law of Nature." His address was
brief, but comprehensive and com-
pellingly interesting. The text was
taken from St. Paul's Epistle to the
Colossians, 2nd Chapter, 9th to 14th
verses.

It is a way that seemeth right to a
man, and to every man that straitly
setteth his heart therein, to be a
way that seemeth right to himself;
but, truth is not in him. (See Prov.
16:25.)

If one half of the wealth in the United States were totally destroy-
ed and the remainder divided equally, it would be doubled over
and over again, and yet they have now. We are told to be
good because it is a duty. The feeling of correlation between
honesty and great wealth approaches closer to reality than that
of any other two qualities.

Moralitv is nothing but custom. Religion when it is for any-
thing but moral, it is super-moral. You cannot improve any society
except by fighting its morality.

Now I am not saying that, but it is always used by the intellectuals
for their own social needs, namely,

robbing them. Manhattan Islanders was bought from ignorant
Indians for $17.00 worth of trub-

be.

There is no rational explanation of the universe. The only way
to gain a certain worth more than physical life, it is to be irrational.

The only way to prove that we be-

there is anything more than philosophy, it is to be unreasonable;

that is, religious. The only excite-

ment is the useful domain of human

og, it is in accord with a law of human nature which

gives us the utility of utilization of the

natural law, law of human nature.

We demand supply and demand. If every man in the United States
would de-

mand a tin hat with a paper

pump on it on tomorrow, if such hats

demanded violently, in a week

the country would be flooded with such

hats. Nobody denies the law of the

supply and demand.
