From the Memoirs of Mr. P. M. Roome

Chapter 1: The Beginnings

Mr. P. M. Roome was born in a humble cottage in the village of Annandale-on-Hudson, N.Y., on November 22, 1929. His parents, Mr. and Mrs. G. H. Roome, were farmers who lived a simple life, respecting the traditions of the soil.

Mr. Roome inherited a strong sense of duty from his father, who had served as a member of the town council for many years. The family was known for its integrity and hard work, and Mr. Roome grew up with a deep respect for the land and its resources.

In his youth, Mr. Roome showed a talent for mathematics and science, and he excelled in his studies. He was particularly interested in astronomy and the natural sciences, and he spent many hours observing the stars and planets through a telescope.

Despite his academic achievements, Mr. Roome's path was not without challenges. He faced many difficulties in his early years, including poverty and discrimination. However, he remained determined to pursue his dreams and to make a better life for himself and his family.

In 1947, Mr. Roome graduated from Annandale High School with high honors and was awarded a scholarship to study at Columbia University. He went on to become a respected scientist and a leader in his field, making significant contributions to the understanding of the universe.

Mr. Roome's life work was dedicated to the study of the cosmos, and he spent many years traveling the world, exploring distant galaxies and studying the origins of the universe. He was a pioneer in the field of astrophysics, and his research was published in many scientific journals.

Mr. Roome passed away on September 15, 2019, at the age of 90. He is survived by his wife, Dr. Jane Roome, and their three children. He is remembered for his wisdom, his kindness, and his dedication to the pursuit of knowledge.

Rev. Fr. Hoffman Gives Interesting Chapel Address

The Rev. Father, Mr. Peter Hoffman, delivered a memorable address during the daily chapel service at the St. Stephen's College, Annapolis, on November 22, 1929. The address, entitled "The Christian View of Human Nature," was received with great interest by the students and faculty. Mr. Hoffman's eloquent words spoke to the heart of the college community, urging them to embrace the spirit of service and charity.

Mr. Hoffman began his address by reflecting on the nature of human nature and its possibilities. He argued that human nature is not a fixed entity, but rather a dynamic force that is shaped by the choices we make. He emphasized the importance of moral virtue and the need to cultivate a life of virtue and charity.

Mr. Hoffman concluded his address by calling on the students to be bold and courageous in their pursuit of righteousness. He challenged them to make a difference in the world, to serve others with compassion and to live a life of integrity.

The address was met with a standing ovation, and the students and faculty were inspired by Mr. Hoffman's words. The address is likely to be remembered for many years and is a testament to the power of the human spirit.

Warden's Cup Is Awarded To Waeree

On November 22, 1929, the first annual Warden's Cup was awarded to Waeree, who had performed exceptionally well in the tennis tournament. The Warden's Cup, established by the college's Warden, was a prestigious award that was given to the winner of the annual tennis tournament.

The tournament was held in the college's gymnasium, and it was a highly competitive event. Many students and faculty members had gathered to witness the match, and the atmosphere was electric. Waeree, a skilled tennis player, had worked hard to earn the championship, and he was well-deserved.

The Warden's Cup was a symbol of excellence and hard work, and it was a source of great pride for Waeree. The award was a testament to the college's commitment to athletic excellence and the importance of teamwork and sportsmanship.

Junior Promotence Occasions

The Junior Promotence Occasions, held on November 22, 1929, were a highly anticipated event at the college. The prom was a celebration of the students' achievements and a chance for them to socialize and have fun.

The prom was held in the college's gymnasium, and it was a festive affair. The students dressed up in formal attire and danced the night away to the music of the college orchestra. The prom was a memorable event, and it was a highlight of the college's social calendar.

The Junior Promotence Occasions were a beloved tradition at the college, and they were an important part of the college community's culture. The prom was a chance for students to have fun and to make lasting memories.

Thanksgiving Service in Chapel

On November 22, 1929, the college community gathered in the chapel to celebrate Thanksgiving. The service was a solemn and reverent event, and it was marked by the recitation of prayers and the reading of passages from the Bible.

The service was led by the college chaplain, who delivered a thoughtful and inspiring address on the meaning of Thanksgiving. The service was a reminder of the college community's gratitude for the many blessings in their lives.

The Thanksgiving Service was a time of reflection and gratitude, and it was a chance for the college community to come together and to express their appreciation for the many good things in their lives.
A Word to the Wise

"A Word to the Wise"

The public mind of today is torn through and through by the conflicting reports of the social life among the undergraduates of our colleges. It learns that a "Prom" of a certain mid-western college was discontinued for a year because of the extremes to which the students carried things. It reads in glaring headlines of startling journals that the parties of a certain well-known New England college are open to grave criticism. But to offset these views it learns from individuals who attend these college functions that conditions are not really as bad as pictured.

Are the Proms and house parties at Saint Stephen's? If you do, you are very much mistaken. And you would be highly flattered if you knew with what care we have furnished our ladies. And at moments such as this we are prone to some typical suggestions.

To the Prom Girl

You would be highly flattered if you knew with what eager enthusiasm we have awaited your arrival at the Prom. You would be highly amused if you could know the elaborate preparations of our people and rooms we have made for your approval. Prom you think for one moment that the females of the species is alone in the futility and elaboration of getting ready for social functions? If you do, you are very much mistaken. And you would be delighted to know with what care we have furnished ourselves to meet the most delightful and charming young ladies we know. And at moments such as this we are prone to flatter ourselves that you charming promenades are coming to one of the most unique college events of the century. We do sincerely hope that you will be enabled to see some of the most beautiful nocturnal scenes in the State.

There is, if we may be allowed to make a suggestion, a certain bridge which is truly romantic when seen by the light of the moon. But then, we must not make too personal suggestions.

Prom, we welcome you!

News Items Of Particular Interest
To The College

Wardell Bell has been appointed by
the Regents of the State of New
York to act on a committee of three
members to study the University's
self, extension, and correspondence
courses, offering them to various
colleges and universities in the State,
and to recommend a few governing
credits to be given by the
same. The report is due in June.

The President of the works of
the University visited campus on
November 6th for a two conference
with the Board, and the Chairman
of the Administrative Committee,
Methods of supplying the water
supply of the College were discussed.

It is still being considered whether
or not the college will make a three
mile connection with Red Hook and
so obtain its water supply from there.
The director called this the best
idea for college as it has ever
envisaged and expressed a desire
that the workers in the domiciliaries
at Middletown be considered trained.

Wardell Bell, has been appointed
by the University Council to serve
under the chairmanship of Dean
Milbourn to work out possible
methods for advanced standing in the
Graduate school for men with
honors degree.

The president of Hobart College
and the faculty have requested the
privilege to study our science
building as an example of expert
planning and equipment.

The professor of chemistry will
be in charge of the committee.

Dr. Albert J. Knox, our most
widely known alumnus has written
a book on the life and work of
Pegman Jabens which was
published last week by Harper & Bros.
A series in the New York Times
called his book "the most distinc-
ted, interesting, and adequate
work published in any country
within the last century."
Dr. Knox is now on the way home from
Belgium traveling in his own train from
London before Christmas.

New Trustees

At a recent meeting of the Board of
Trustees two new members were
elected, Mr. Ward Malville of New
York, a prominent alumnus of
Colgate University and vice
President of the Ward Shoe Company;
and Mr. Stephen Williams, a
attorney of Providence, R. I., who is
a prominent New York lawyer,
and has been an alumnus trustee
of the University for several years.

Thirty years ago three young
lawyers formed a partnership.

In time the firm was dissolved.
But each of them has become
prominent and are trustees of St.
Stephens College. They are Mr. C.
A. Marner; Judge Lehman, and Mr.
Stephen Williams.

Mr. R. P. Abbe has been elected
chairman of the finance
committee to succeed Dr. Elwyn
F. Peabody who has been elected
chairman of the educational
committee. President Osgood of Cornell
University, has been chosen to serve
on the administrative committee.

Mr. Edward Terhune has resigned
from the board of trustees due to
the fact that he will no longer
reside in New York City, which will
make it impossible for him to atten-
d meetings. One of our trus-
tees, the Reverend Howard Wel-
come, D. D., has been elected bishop
of the Diocese of South Ohio.

BASKETBALL SEASON SUCCEEDS SOCCER
First Game With Eastman, December 4, At Home.

With the soccer season at an end, the Eagles will now turn to the upcoming basketball season. Coach William Lelyveld feels that the quintet will be superior to the soccer team of last year. He believes that the loss of Herbie Hadlock and Louie will have little effect on the team. Walker Lelyveld will captain the team this year. This is his fourth year of varsity experience and it is expected that he will perform as well and even better than he did last year. "Junior," Failure, another of last year's veterans, seems to be coming on in fine shape.

Harry Given is playing an excellent game at guard. Coach Glenn, Szynkaszewski, Newell, Mitten, and Kolkins, the squad this year on this point, is stronger than last year. With Newell in the starting list, coach had no material with which to replace the regular when they needed a rest during a hard game. But, that doesn't mean such men as Newell and Kolkins, with excellent basketball ability as they are, are possible for the team to have the necessary reserve strength which it needs both badly.

The game scheduled with Amherst has been called off and the team will then be able to attend the school because it was impossible to arrange a convenient date for both games. However, it is expected that they will be placed on schedule next year.

The athletic council plans on holding the games with Union this season in Poughkeepsie on December 30. However, nothing definite has been established. Fifteen games have been arranged and nine of them will be played at home. The schedule is as follows: Dec. 1-2-Williams, at home; Dec. 1-3-Brandeis, at home; Dec. 2-3-Union, at home; Jan. 16-17-New York, at home; Jan. 17-18-Princeton, at home; Jan. 23-Midland; Feb. 1-Johns Hopkins, at home; Feb. 1-2-University of Wisconsin, at home; Feb. 2-3-Princeton, at home; Feb. 9-10-Hamilton, away; Feb. 10-11-Chesapeake, at home; Feb. 12-13-Albany, at home; Feb. 15-16-McClellan, at home; Mar. 6-7-Stevens Inst., at home; Mar. 16-17-Barnard, at home; Mar. 23-24-Barnard, at home; Mar. 30-April 11-Barnard, at home; Apr. 10-11-Barnard, away; Apr. 11-12-Wesleyan, at home; Apr. 12-13-Barnard, at home; Apr. 13-14-Barnard, away; Apr. 14-15-Barnard, at home; Apr. 15-16-Barnard, away; Apr. 16-17-Barnard, at home; Apr. 17-18-Barnard, away; Apr. 18-19-Barnard, at home; Apr. 19-20-Barnard, away; Apr. 20-21-Barnard, at home.

University of Vermont Beats Scarlet Harriers
Sprague and Kates Make Good Time in Their First Race.

With Walter off for the remainder of the season, Capt. Brian was in the hospital on account of a leg accident and Williams, on crutches, the remainder of the cross country team battled for the honor of superior of Vermont; to the best of its ability, and returned to the meet in its fall 20-20 over the same mile course.

At that last resort, and in order to have men enough to make the event big, Coach I. F. Stimson drafted two new recruits, Sprague and Kates, and put them in the lineup with three days' practice. Naturally a novice with a log and the fresh experience under his belt isn't going to win, but both did themselves proud and showed that a big future in the sport is made of. They have a fine start with four of Vermont, all alike, and battled with him right up to the finish line.

The race was interesting to watch and Sprague was the feature of it was that all the old pros went to Vermont and the new darers, to St. Stephen. The two promi-
