PROHIBITION POLI

E. F. Albee Dies At Palm Beach

Benefactor of College Heart Disease Victim.

COLLEGE MOURNS LOSS; RE-QUIEM MASS HELD

Edward F. Albee, trustee and benefactor of St. Stephen's College, died suddenly on the evening of March 11 in his room at the Breakers Hotel from heart disease.

Starting in life as a helper in a circus, Mr. Albee had lived to become president of the largest theatrical organization of its kind in the world, the B. F. Keith vaudeville circuit and subsequently the Keith-Albee-Orpheum Corporation. While directing the affairs of this

large circuit, which controlled 700 theatres in the United States and Canada and booked 15,000 performers, Mr. Albee found time to devote to innumerable charities and worthy causes.

Mr. Albee was made a trustee of St. Stephen's College in 1924, and in the same year he offered the college a new dormitory upon the condition that a new science building would be obtained also. This condition was promptly fulfilled and printers, reading proof and compilthe Albee dormitory was built immediately. Upon the completion of The editorial section of the book the structure, Mr. Albee expressed alone numbers over two hundred his desire to completely furnish it. The cost of the actual building was \$165,000. The cost of the furnishings has never been learned, but is estimated at \$25,000. Mr. Albee has, since that time, made yearly gifts ranging upwards of \$10,000 towards the annual deficit. Last autumn he contributed \$100,000 additional towards the college debt.

In 1923 Mr. Albee received a Master of Arts degree from St. Stephen's for the services he had rendered to the fine arts by his designing and building beautiful theatres and his interest in painting and the drama.

With the decline of straight vaudeville and the formation more than a year ago of the Radio-Keith-Orpheum Corporation, embracing vaudeville, motion picture

Sketch-Book Progress Honorary Club For

The progress on the make-up of the Sketch-Book has indeed been remarkable. On March 1st the entire copy of the editorial division was in the hands of the printer. All the pictures, individuals and groups, have been in the hands of the engraver for the past week. There remains but one section of the book to complete, the advertising. Due to the illness of the Business Manager the soliciting of advertisements was withheld until this month.

The success of the editorial section of the book is practically assured and the financial success is a matter of time. The cost of the Sketch-Book will run some five hundred dollars more than that of last year's annual, yet the business department believes they can handle

the situation. During the Spring vacation, Gamble, editor-in-chief, spent two days in the offices of Kent & Company ing the galley sheets into book form. nages.

Baseball Candidates Start Spring Practice | Formal Banquet Marks the

Season's Schedule Announced By Banks

The baseball candidates started their practice session after a brief vacation. Nineteen men are training daily in preparation fo rthe coming baseball season, the first in five years at the College. It will be remembered that baseball has ceased

to be a spring sport with the introduction of Lacrosse. But last year just before the closing of school a number of men petitioned the stud-

L. Smith to Head New Group -Lemley Elected Vice-President.

Athletics Formed

CLUB NUMBERS 8 MEMBERS

On March 12th a new organization was formed on campus to be known as the "St. Stephen's College Varsity Club" which group will

fill the need for an honorary athletic club among those students interested in sports.

Some years ago there was an organization here called the "Varsity Club" which served somewhat the same purpose as the club which has just been formed, yet that organization failed to perpetuate itself. This new movement is another attempt, yet along a different line as the Constitution below will make clear. The charter members of the Varsity Club" are Kent Smith, '32, Gilbert Symons, '32, Richard Nale, '32. Robert Burbank, '30, Thomas Bloomquist, '31, Walter Tibbets, '30, Walter Lemley, '30, and Leverett T. Smith, '30.

At the first meeting of the club n March 12, the Constitution whic appears below was adopted and officers were elected to fill their posts until June. Leverett T. Smith of (Continued on page 2, ocl. 3)

The newly elected members were: Robert F. Chapin, '32, of Pasedena, Calif.; William E. Jordan, '33, of Ottawa, Ill.; Edward M. Fried, '33, of New York City; Tracey B. Darling, '32, of Port Jefferson, N. Y.;

Ballot Reveals Seven Drinkers Favor Enforcement—Sixteen Per Cent Teetotalers.

Ninety-seven Per Cent of Entire College Is

Canvassed for Straw Vote.

Enforcement of Prohibition

Overwhelming Majority Oppose

The Prohibition Poll conducted by the Lyre Tree, in accord with other such polls throughout the nation, has revealed much interesting data and opinions concerning the present Eighteenth Amendment.

Until 1928 St. Stephen's college was definitely affiliated with the Episcopal Church and generally known to Educators as a "church college." Since the almagamation of St. Stephen's with Columbia University the college has been definitely non-sectarian. It is interesting to note that at least 75% of the students enrolled are members of the Episcopal church. The Registrar's records show that a great majority of the students come from outstanding preparatory schools in New England and the Middle Atlantic States. The remainder come from accredited "day" and high schools. These facts are significant and must be kept in mind in reviewing the results of the poll. Ninety-seven per cent of the entire college, including the faculty, voted. Of this number 15.3 per cent favored enforcement; 39.3% favored modification; and 50.4% favored repeal. Thereby intimating very strongly that this college thinks something should be done about the prohibition situation.

It is curious to note that sixteen per cent claimed to be teetotalers, and that only half of them voted for enforcement, while there were seven confirmed drinkers who strongly advocated strict enforcement.

Because of the widespread discussion concerning the relative value of "straw vote," the Lyre Tree included in its questionaire the question "Do you advocate straw voting" as being of value?" To this question seventy-four per cent

Following are the tabulated numerical results of the Lyre Tree canvass:

| | Faculty | | Students | | Combined | | | |
|----------------------------|---------|----|----------|----|----------|-----|--|--|
| | Yes | No | Yes | No | Yes | No | | |
| Do you favor Enforcement? | 4 | 13 | 15 | 95 | 19 | 108 | | |

EDITORIAL

We have an opinion! Nothing very strange about that except that it is really a strange opinion and not one with which all our readers will especially agree. We believe that compulsory chapel is a splendid ruling. If you have read this far we suppose you will look on to see what argu-ments we will put forth to support our cause. We have no arguments,

in fact, we don't believe in arguments—just good 'ole bloody discussions. Well! For the past four years we have been forced to wend our weary way down the elm path to the little brown church in the vale; we have been forced to go to chapel. Let's face facts fearlessly. It was through that enforcement that we learned to readjust our ideas on the subject of compulsory chapel. We have grown to enjoy spending a half hour before dinner in that quiet meditation. You don't have to be religious to enjoy chapel; but you do have to be able to appreciate and enjoy the beautiful. You, as a collective group, are paying money for an education. You have a right to demand your money's worth. If an education. You have a right to demand your money's worth. If there wasn't a chapel service you might well have your discontent justi-fied. If you weren't forced to go it would take a deal longer than four years to appreciate its beauty. That's a poor argument about going when the spirit moves you. We are well aware of the fact that if the spirit doesn't move you at 7:20 for early church you would be hopelessly with-out spirit at 6:30 for Vespers. We can make our lives well-rounded and harmier by seeing coah day a heautiful with with the fact. happier by seeing each day a beautiful picture, by hearing a bit of beau-tiful music, and by reading a bit of beautiful literature. Here's an op-portunty never again to be realized so completely nor as easily. Or per-haps you don't want all those nice things? Well, we're not going to haps you don't want all those nice things? Well, we're not going to beg you. Have an unhappy life if you want to. If our chapel service was similar to that of most colleges we would

have a just cause to kick against the pricks, but it isn't. We are unique in this respect and we don't cough when we say it. Being different at least suggests being a little worthwhile. Point us out another college where the men stay after the service, on their knees, and pray. This is significant of something.

In the past we have often heard of the various things about college life which impressed certain alumni most. Invariably the chapel ser-vices came into the category. Yet they didn't say much about it—they felt it. They felt that the vesper services had been a high mark in their career here. When a man can feel like that about it after he has been out in the world three, five, or eight years there must be something good about it. We gave it a try—a four years try—and found that their argu-ment held water, good clean water. You question us? Those men aren't the alumni who return each year to utilize an opportunity to boo a speaker at the Commencement luncheon, nor are they alumni who return with their valises filled with bad gin and spend their time damning the administration. If any one of us had possessed the courage at that Commencement luncheon we were supposed to have, when certain of the alumni banged on the table with dishes and hissed the speaker (in an undertone) we wouldn't be bothered with them now. We wouldn't have to listen to their smugly complacent talk. None of these are the men from whom we heard about chapel, rather they were business men who left college with an enviable four years' record behind them. These men boost St. Stephen's whenever the opportunity presents itself. You rarely see them for they don't return often. They are entirely too busy to return to the college for a two-day celebration every year. There are few things in the world which you aren't going to be forced to do either out of circumstances or necessity; you are going to like it and grin. If it is for the betterment of your mind, body and soul why should you kick? Oh! We see your point. You don't care to have religion stuffed down your throat. We don't blame you; neither do we. St. Stephen's is a small place. We know in great part what is going on around us. If we didn't know so much about these matters they prob-ably wouldn't bother us half so much. We get an idea, which is in most cases a rumor, immediately there is a session in the dormitory on the subject and after three hours' discussion we come to the conclusion that some one is stuffing something down our throats. The full details or facts on the case are not necessary nor, in most cases, desired. All that is needed is an idea. You know its a funny picture when you get off and view it from a different objective. If you don't care to worship during the vesper services go and enjoy exercising your lungs. We all like to shout, we are Americans. Half an hour a day is all too little time to sit quietly and take account of stock. Robert Burdette once said that it was a fine thing as you turn in at night to lie awake and think back over the day's work. We usually go to bed too late to enjoy any such luxury, but why not utilize chapel for this if you aren't in accord with the religious direction?

Sigma Alpha Epsilon **Initiates Five Men**

(Continued from page 1, col. 3) honor of the new brothers and to commemorate the founding of the fraternity which took place seventyfour years ago on March 9th, 1856, at the University of Alabama. The fraternity had as guests three members of the St. Stephen's College faculty present: Drs. Upton, Davidson and Mauzey.

Bloomquist-Mellen Engagement Announced

The engagement of Miss Katherine Mellen, of Brooklyn to Mr. Thomas Bloomquist, of Brooklyn was announced by Mrs. C. Mellen at a dinner given by the bri be at her home on Monday evening, March the twenty-fourth.

We have an opinion and we are going to keep it unless you produce some pretty conclusive evidence that we are wrong. We have an opinion-strange!

disagreeable things One of the most guests is forced to face on Commencement Day is the stuffiness and overcrowding of the Chapel. Our ritual of conferring of the Degree is most impressive and of such a nature that to hold it in any other place than the Chapel would seem a solecism. The only way therefore, in which this condition can be remedied, is by reducing the numbers who are present. These may be divided into four classs: members of the College proper, both Undergraduates and Faculty; the families and friends of the Graduating Class, and Alumni returned for the occasion. The latter, perhaps can be excluded, but we feel that this is not only an insult to them, since they still love and cherish their Alma Mater, and should be accorded the right as well as the privilege of participating in her culminating and perhaps most important ceremony of College life. Nor can the family and friends of the Bachelors-to-be be denied admission, since in by far the majority of cases it is by their aid and encouragement and sacrfice that there is any Graduating Class at all. It remains, therefore, to select from the Undergraduates some who must be absent to insure the comfort of the rest.

WHAT IS YOUR OPINION?

CROWDED COMMENCEMENT CONDITIONS

"Cujus Re Hac Diploma Testimonium Sit"

Commencement is not far off, and as members of the Senior Class, we would like to offer to the Administration of the College

a suggestion while there is yet time for discussion, and more im-

This class we believe to be the Freshmen. This is no disparagement of them, and we have a strong suspicion that allowing them to leave campus at the close of their examinations will cause no heart-burnings or bitter disappointments. Moreover, much as we hate to confess it, we know that four years repitition of the cerewe are the actors in the limelight, and so we feel that a little less familiarity with the ceremony will be of positive benefit to them in their senior year. The Freshman class is always the largest single group on campus, and the space they occupy in Chapel can not only permit the greater comfort of the College and its guests, but may allow a few (very few) more guests to be present. We therefore request that the Faculty and the Administration

change the rule of previous years, and permit the departure of the Freshmen at close of their examinations.

-R. R. W.

Bloomquist is a Junior at the college and a member of Sigma Alpha Epsilon Fraternity.

EDITOR'S NOTE

The Editor has received no less than ten complaints from certain interested parties concerning the story of the Frosh Dance which appeared in the last issue of this paper. In many instances the in-dignant persons have suggested that the Editor himself read the stories before the paper goes to press which is, on the whole, an admirable suggestion. For that very reason the Editor has seen fit to throw out the many communications on the subject of the Frosh dance. The board offers its regrets to those interested per-sons for having allowed the story to ap-pear in these columns. If it would be of any interest those parts of the story in question which struck some of our readers as ungentlemanly have been deleted from the issue being sent to our subscribers. —THE EDITOR.

Joseph "Al" C. Settle, '29, S. A. E., visited friends on campus over the week-end of March 1st. Al is now sales representative for a large lumber concern in Philadelphia and may be addressed at 1110 Filmore Street, Frankford, Pa.

THE LYRE TREE

E. F. Albee Dies At Palm Beach

(Continued from page 1, col. 1.) With limited capital Keith had begun upon the campaign in which he eventually won leadership in the vaudeville field.

Introduced the "Mikado."

chief of staff. He introduced Gilbert and Sullivan. When he staged selling more than \$27,000,000 worth the first excerpt from the "Mikado," and charged 10 and 25 cents admission, the police of Boston had a difficult time holding back the crowds that tried to get into the theatre. Keith and Albee adopted as heir slogan, "Cleanliness, Courtesy and Comfort." They made up their minds to supply wholesome entertainment for families, including children, and enjoyed increasing patronage in Boston.

Before and after the death of Keith in 1914, Mr. Albee adhered to and enlarged upon the standards of management that the partnership had adopted. He ruled coarseness off the stage over which he had control, and as far as possible tried to eliminate jokes on important issues which would have been in bad taste. He ordered his actors not to pun on Hollywood. He also prohibited jokes on prohibition because he thought they bored. Likewise, he would not tolerate any jokes at the expense of trolley service in a town where there was a Keith-Albee theatre. When Helen Keller was featured in his circuit, Mr. Albee forbade other actors and actresses under his booking to make the blind, dumb and deaf girl the butt of any jokes, as they were at liberty to do in the case of other members of their show.

Following a protest made by Father John B. Kelley, Chaplain of the Catholic Writers' Guild in October, 1923, to Mr. Albee, directors of the B. F. Keith theatrical interests withdrew a sketch, "The Unknown Lady," by George Middleton, featuring Mme. Alla Nazimova. The play was a plea for "more humane" divorce laws.

First Theatre in Boston

When Keith and Albee were assured of success in Boston, where they built their first important theatre, B. F. Keith's, at a cost of more than \$500,000, they laid plans for vaudeville theatres in other cities of the country. Mr. Albee mastered theatre construction to the last detail and personally supervised the architects employed to design new theatres. Among the most important of the chain are the Palace, in Manhattan, the New Orpheum theatre and office building built as a memorial to the late Mr. Keith in Brooklyn, at a cost of \$3,000,000, and the Keith Palace Theatre in Cleveland, Ohio, which was erected at a cost of more than \$5.000.000.

Mr. Albee remained in partnership with Keith until the latter's death. Keith divided his fortune, estimated at \$15,000,000, equally between his son, A. Paul Keith, and Mr. Albee. When A. Paul Keith died in 1918 he in turn left a portion of his theatre holdings to Mr. Albee, in recognition of "the creative genius, the executive ability and the untiring devotion" Mr. Albee had shown to the interests of first the father and then the son. It remained for Mr. Albee as partner and legatee of the two Keiths to introduce a new element into the Keith business by creating a new spirit in the relations between managers and artists. At his suggestion and through his endeavors the managers organized the Vaudeville Managers' Protective Association and the artists the National Vaudeville Artists. The two organizations had contact through arbitration boards. The Big Vaudeville Merger In December, 1927, the formation of the Keith-Albee Orpheum Corporation, to merge the Orpheum Circuit, Inc., B. F. Keith Corporation, Greater New York Vaudeville Theatres Corporation and the B. F. Keith-Albee Vaudeville Exchange was effected. Mr. Albee was Presi-

dent of the merged corporation. It morial Theatre at Stratford-onwas capitalized at \$10,000,000 7 per Avon.

cent preferred stock, and 2,000,000 shares of common stock, of which 1,119,170 were outstanding in February, 1928. Mr. Albee was a loyal supporter of the Church, an enthusiastic civic

worker, and a great friend of charity. In the World War he headed Mr. Albee got a job with Keith as the sub-committee representing the vaudeville interests that aided in

> of Liberty Bonds. In the campaign to raise \$15,000,-000 to complete the Cathedral of St. John the Divine, Mr. Albee headed this feeling, but they could not the committee of vaudeville managers and pledged himself to underwrite a \$150,000 fund with which to build some part of the Cathedral as Actors on the road these days are a memorial to the theatrical pro- invited to speak at churches and fession. He was a Vice President of the Actors' Fund of America and a Trustee of St. Stephen's College. He was honorary Colonial member of the Minute Men of Lexington.

Sketch-Book Progress Will Allow Volume To Appear May 9th

(Continued from page 1, col. 2) The volume will contain many out of doors views of the campus, a dedication to Dr. Lyford P. Edwards, a memoriam to E. F. Albee, an appreciation, colored inserts for each division of the book, a biography of each member of the faculty, pictures and stories of sports, classes. and organizations.

Unless a last minute change is made the binding will be of cardboard covered with red leather; in the center of the front cover there will be impressed with gold the college seal. No written matter will appear on the cover. The book will contain nothing

unusual by way of a feature secyears. To run a feature section probably be started in the early

and the National Vaudeville Artists. | money than the staff sees fit to expend. It is hoped that in later years there will be a section devoted to the more humorous side of college life on the campus at Annandale.

The Sketch-Book will first be seen in its final form on the campus May 9th, the week-end of the Senior Ball, at which time the "Lyre Tree" and "Messenger" will release an issue.

Kappa Gamma Chi Admits 5 New Men
