In the second meeting of the joc­ker club, if we may judge by刚才 read on this field, the farmer's chief, Wallace Carr, was elected to head his club, for the coming season. The elections of Miss Florence Keppler, who was later elected as his Secretary, and Miss Hart, who was later elected as his Secretary, were made with the usual amount of enthusiasm. The Bishop's President, Dr. Dahler, was cordially welcome pigments.

Edward Craig, of Scarsdale, was chosen to be Assistant Representative and Bertold Kruegel, of New York, to be the first and final assistant for such an office, was made the Secretary. Henry Best, in a blank vote this time was let in as usher of the house.

The meeting was concluded from further trouble by the fact that it was closed early.

THE LYRE TREE

NEW LYRE TREE POLICY

With the opening of a new college year comes also the beginning of a new era in the policy and the service of The Lyre Tree. The Lyre Tree has been steadily improved during the last few years, and the editors feel that it is now making a distinct forward step in the adoption of this new policy.

The basis of this change and environment is the very purpose for which The Lyre Tree is published, that of placing interesting and in

ent articles in the hands of St. Stephen’s men. In the production of our college publication there are three considerations—the alumni body, the prospective students, and the student body. If the alumni are not kept informed of the progress of the college and are not interested in the welfare of the college, the students will lose interest in the college itself. Prospective students must be interested in the college and the official college paper is the logical medium. In the third place, the students must be kept informed as to campus events and the college news. The Lyre Tree is a student publication, but its service transcends the local campus.

Beginning with this issue The Lyre Tree will during this year be edited each time by one of the managing editors, under the direction of the advertising manager. All advertising matter should be addressed to the advertising manager. All over-due subscriptions will be discontinued.

E. Stroudsburg Wins Hard Fought Battle

In a fast, close game the East Stroudsburg soccer team defeated St. Stephen's 1-0 at Annandale, Saturday, October 4. Leanor scored the only goal on a long high kick in the second quarter.

In the first quarter St. Stephen's had four men keeping the ball out constantly in Stroudsburg's territory and threatening to score several times. The rush of White kept the ball from approaching the Saints goal.

In the second quarter St. Stephen's also kept threatening the Pennsylvania boys' goal, but finally Purcell, Stroudsburg fullback, read the ball to Leanor, outside left, who dribbled the ball to twenty-five yards of the St. Stephen's goal and scored on a long high kick which just eluded Blomquist's gristy out-stretched hands.

The third and fourth quarters were even. St. Stephen's threatened to score several times but lacked the scoring punch. Fine plays by White, Paul, Nale, and Blomquist kept the ball out of St. Stephen's territory. Both teams threatened once or twice on some good playng, however.

The fight of the red and white Hammond was in full swing throughout the game. Ball one! the idol of them all. Popularity to be lasting must be bolstered.

30 thousand welcoming shouts as he steps to bat... the home run! the pop fly! the ball out! again. Popularity to be lasting must be bolstered.

Coach Foresees Victorious Season

New Men Give Good Substitute Support.

Last Year's Team Almost Intact.

St. Stephen's increased interest in soccer this year has afforded both new material and improved play. Last year's record was good cause for satisfaction, but this year's prospects point to even greater results.

The team has been very fortunate in having only two of its old men, Lenard and Ginn, but Don, Nile and Lea Hammond have shown themselves quite worthy of these positions. The ball turnout of new men has been excellent and they certainly have simulated the old players into better efforts.

The coach's estimate on this year's schedule is as follows: East Stroudsburg he considered an easy victory and the game should have been won by a good margin. Williams won last year's game by a close score, but according to reports the field last season was not in its best form; this team marks another victory. Stevens Tech, to quote the coach, will be "anybody's game," as they are about our equals. This year we play the Craven High Aggies for the first time, and as they are new in soccer our chances are promising.

This year, R. P. L. will certainly have a fight on its hands. You may not remember that a few kicks gave them victory last year but the team was not forgotten. Hamilton, according to the papers, has lost all her old force and is building an entire new team around player Pegagno. They turn up a high spot on us last year, but this year promises us opportunity for revenge. You must realize, however, that no matter how strong a team we may have, we simply cannot win without our support.

Walt Siegel is the new manager this year. He takes Reddy place, whose name still remains prime on the schedule.

Next Saturday's line-up with East Stroudsburg is as follows:

Center -Good; substitutes, Genge, L. J. W. - L. Moll, substitutes, Griffith.

Better taste - such as only a cigarette of wholesome purity and better tobaccos can have.

Warden Bell is First College Chapel Speaker

The college year at St. Stephen's College started on Sunday morning, September 28th, with dedication of the new chapel in the College at 10:30. Dr. Bell, the Warden, was the preacher at the opening service, and gave a very interesting address on "The Gospel of Personal Worth.

In his address he used the text 2 Corinthians 5:18, "The gospel of Christ, as it is the image of God, had abided in our hearts." He remarked that his academic year, unlike that of most other colleges in this land, begins at the altar of God, in no act of adoration, in a received pledge of allegiance to the moral principles of life, in which we put our faith, and who is the interpreter of the world and the meaning of ourselves.

"As we set the master of show to us about the ideal of human life. It is very simple, and very penetrating. It is this: that nothing in the world is so full of dignity as the spiritual man. It is only the soul of man that really counts. Nations, races, nations, have no real existence. They are only ways of speaking about individuals. Each of us really matters—that is the inward life about us as our Master reveals it. And what is it that contains the possible beauty of life? That is simple. Too. There is no beauty like the man who loves God and serves and cares for the happiness of human souls.

Our industrial civilization, we have created a dingy world, for the world is so full of ugliness. We have largely substituted money, which kills, and for God, who listens, and makes cheaply and in mass production. To them that love God all things work together for good."
