THIRTY-SEVEN MATRICULATED AT ALL SAINTS DAY SERVICE

Called Before The Altar By Registrar: Father Bell Questions Matriculants

Matriculation services were held on Sunday morning, November All Saints Day. Thirty-seven men took part in the ceremony and placed their signatures in the college record book.

The procession had entered the Chapel, Dr. Upton, Registrar, read the names of the men to be matriculated. They stepped up to the altar rail where several members of a body several questions asked of them by Father Bell. Each one then signed the matriculation papers in the presence of the registrar of all the matriculants from the beginning of the college.

The words of the promise are:

"I hereby bind myself to obey faithfully the regulations of the college and of the University, and to be a true upholder of all antecedent constitutions. I promise to be always true to my calling and to take part in the early morning and evening services. I promise not to engage in any profane or immoral conduct, and to be a true and faithful member of the College and the University."

The following are the newly-matriculated men:

Rev. Dr. Fosbroke To Preach Sunday

The Dean of the General Theological Seminary in New York City, the Rev. Hugh Fosbroke, will preach at the ten-thirty service in Holy Innocents Chapel here on the occasion of the twenty-eighth Sunday in Holy Eigh. He is to arrive on Satur-"..."...day and will conduct the service first time in the morning. His work is well known throughout this country as well as in New York City. He is the son of the late St. Stephen's Church in the city and will deliver a sermon to many of the St. Stephen's students who are now engaged in the training in the army.

Dr. Fosbroke, in addition to his office as Dean of the General Theological Seminary, is also well known. He is a Professor of New Testament Literature at the University of Virginia. He was born in 1880 and is the son of Dr. Fosbroke and his wife, Mrs. Edward Fosbroke, of the most distinguished families in the presbyterian church in the United States of America.

"Steam Baths Of Persia"—A Story

John Neeson Relates Unusual Mysteries Of The Bath

The steam bath has received much attention in the account of American travels in the East. If anyone has visited this country, he will have had occasion to reflect on the question: Is the steam bath the luxury of the Orient? Is it a physiological process or a method of relaxation?

The steam bath is a simple process, consisting of a hot water bath, a cool water bath, a hot air bath, and a cool air bath. The hot water bath is the most important, and it is the one which produces the greatest amount of perspiration. The cool water bath is used to cool the body after the hot water bath. The hot air bath is used to dry the body after the cool water bath. The cool air bath is used to cool the body after the hot air bath.

"Provoit Protests All Huntstons On Pro" Fresh Is Specially Concerned In Shooting Assault

At the result of some erratic shooting on the property of Wade F. Mack, in connection with the college, on November fifth, complete, violent, and armed two young men, believed to have been in, in September, had been gunning in a window in the hope that this had been shot out.

The Provost, Dr. Harold R. Pha- lien, called a special meeting, at which the Freshman class abided from itself as being so included. However, the blame is held against the class, and a bill for the damage done must be settled.

The Provost is already bent towards those developing toward a better future. Dr. Pha- lien, as a matter of faith and love, would hold on to any one of his students. Another attempt was made by the Provost to save the windows, but the two young men, believed to have been in, in September, had been gunning in a window in the hope that this had been shot out.

Once again voices raised in gentlemanly discord may be distinctly lengthened in order to insure more leisure and less of the “jacketed” attitude which is now generally observed. The very fact that these attributes are normal on this campus, perhaps, is the result of the work of the physical education departmental conferences. Fol- lowing this meeting, the party saw escape unscratched on October 28, 1930, when another car, a military male occupant, at a high rate of speed shot down from over the hill and crashed the Buick sedan ahead on it. Both cars were quite demolished, but no very serious injuries, for- tunately, were sustained.

The following Newtown is reputed here for constructive innovation and emphasis, this concerns every college mem-

Dear Pandora:

I have just reached the high academic standing known as a Sophomore. I have a chance to go on my first blind date up in the Adirondacks, but the difficulty is whether I shall stay at home, or shall I accept the blind date? This is a case where a bird in the hand is worth two in the bush.

I am a junior, very conscientious, a good student, neat, and considered attractive, have a car and plenty of spending money, but the girls just don't seem to like me. I go to parties and meet nice girls, start a pleasant conversation, but on the slightest pretext they leave me before I can get their address or telephone number. Can you tell me what to do? A prompt reply would be greatly appreciated as I'm getting desperate.

(Signed) A Fresh.

Try unannounced quizzes.

Dear Pandora,

Do you consider it degrading to work at a meat market?

No; even some of the Editorial Board objected to them. (Signed) A Knob.

Try unannounced quizzes.

Dear Pandora,

I am an April Fool...I have been up there yet myself. I am a new man here. Is it true that one of the faculty lives in a blind hotel? Although I smile sweetly at her on campus when we meet, she never gives me the slightest recognition.

(Signed) Unique Shlub.

No, she is not blind. Love is like that.

Dear Pandora,

Do you think I am an April Fool?

Love,

Pandora,

By this time you must be--

Lonesome.

Dear Pandora,

I am a young fresh, just turned twenty-one, from Rockafella. I read all about St. Stephens in the catalogue, I was attracted by the lovely pictures of the campus, but to date have found none of these places. Will you please tell me where I can find some of these charming spots? And another thing, Pandora, I have never been assigned to a dorm where the conveniences are not that they should be, and in the morning it is impossible to get a cup of coffee.

(Signed) Ignorant.

First, have you ever tried Red Hook gin. We give you plenty of spots in front of your eyes, or have you no more than this second, behold to slake the insatiable thirst.
