When you see a merchant’s Ad in THE MESSENGER, it means that he is a man of honest goods and measure. Patronize him and by so doing help yourself and THE MESSENGER.

A new epoch in the life of St. Stephen’s is now in its birth. The ambiguous, hazy ideal future that has been pictured for the past years is soon to spring forth into reality. The goal towards which our Alma Mater has been feebly striving is soon to be realized. This, of course, in a certain sense is a prophecy, yet it is based not upon the firm convictions of a lone prophet, but upon the convictions of almost all who are intimately acquainted with the affairs of St. Stephen’s. In former days, St. Stephen’s fostered an interest almost only to Trustees, Alumni, and former students—and to many of these only a feebly interest. The day is near at hand when the entire educational world will know St. Stephen’s as an institution of sound learning—a College of about 250 men, thriving, well equipped, with a Nation-wide reputation. St. Stephen’s is an Episcopal Church College and the Church is going to back her “daughter” institution morally and financially in this new epoch and make of St. Stephen’s a larger, stronger, and more prominent college. The latent energy that exists in the Episcopal Church and her people has awakened to the needs of its College and has already responded.
She will continue to respond with added force. The dawn is at hand.

St. Stephen's College is indeed fortunate in having for her new President, the Rev. BernardIddings Bell. Graduated from the University of Chicago in 1907, he pursued his studies for Holy Orders at the Western Theological Seminary, taking the degree of S. T. B. there in 1910. The same year he was ordained deacon and advanced to the priesthood by the Bishop of Chicago. After his ordination he served at Christ Church, Chicago, St. Christopher's at Oak Park, Ill., and Grace Church, Chicago. In 1914 he was called to be the first Dean of St. Paul's Cathedral, Fond du Lac. During the war he served as chaplain at the Great Lakes Naval Station. President Bell is well known in American literary circles, having been a contributing editor of the Christian Socialist and a frequent contributor to the Atlantic Monthly.

Our new president, the Rev. BernardIddings Bell has, since he assumed his position, given to the institution an impetus unparalleled in her past history. He has aroused the latent energy existing in the Church. He is to lead the Church in the making of a greater St. Stephen's. Immediately he set upon his new task in putting the college in a receptive position to the institution an impetus unparalleled in her past history. He has aroused the latent "housecleaning," and the Kaps enjoyed a repast at Beekman Arms, Rhinebeck.

The fifty-second annual meeting of the Alumni Association was held upon arrival, that your rooms have been thoroughly scrubbed, the windows washed, minor repairs made and the windowsills stained and varnished. During the summer Orient Hall is being completely overhauled, painted inside and out, new floors laid, new windows put in, and the place made fit for gentlemen to work in. The common room especially is being improved. The old Trustees room in Ludlow-Willinck Hall is being made into a reading room for quiet work with shelves of books being actively used in classes and with all the latest periodicals, daily papers, etc. This club feature will, I am sure, be appreciated." This housecleaning is completed. We are now in a position to accept what the Church and her people can offer in men and money.

All present plans are made on the basis of two hundred to two hundred and fifty men by 1923. In order to accommodate the steady influx of new students, it is planned this coming summer to enlarge the Refectory, to erect a new Administration building and Dormitory, and in all probability, to build a new, up-to-date Gymnasium. The fall of 1921, we confidently feel, will find St. Stephen's arrayed with these new buildings. The fall of 1923 will find over 200 men here on the campus. That our new president will accomplish this, we thoroughly believe.

**Commencement, 1919**

**ALTHOUGH it is a long time since June, this is our first opportunity to thank, through the columns of THE MESSANGER, all those who helped to make last Commencement the great success that it was. We were glad to realize that the 1919 Commencement was almost the old time one we had hoped for, and we were confident that it was a beginning in the life of St. Stephen's as well as the beginning of the good year we are now enjoying.

The Baccalaureate sermon was preached by the Rev. John M. S. McDonald, Professor of Philosophy, and we are all sure it was one of the best if not the best sermon we have ever heard in the college chapel. On the evening of June 9th, the weather was ideal for the class exercises, which were followed by the Dragon Club Dance.

The chapel was crowded to the full capacity at the Mission Service on the following evening after which the many alumni went to their respective Fraternity Reunion Banquets. The Eudoxian Banquet was held in Preston Hall while the Sigs went down to Hoffman Inn, Red Hook, and the Kaps enjoyed a repast at Berkman Arms, Rhinebeck.

The platform built under an awning canopy was in all readiness for Wednesday morning. After a service in the chapel at 11:45 a.m. the grand procession broke up at the platform where the degrees were conferred and the prizes given. Harry J. Stretch delivered the salutatory address and Alexander Kneedwell was valedictorian, also competitor and winner of the McVicker prize in oratory. A letter from the Rev. President W. C. Rodgers, D.D., regretting his absence on account of illness, was read.

The Luncheon in Preston Hall which followed at 1:15 was a huge success. There were many famous men as speakers and many men with famous speeches, and when the time came to go everyone was very loath to leave.

The Commencement had been a grand one,—one that will ever remain in the memories of those who shared it, for it was an old-time Commencement with a new-time spirit. It possessed the spirit St. Stephen's has always instilled in her sons, a spirit which has carried and will carry St. Stephen's victoriously through hard times.

Last Commencement was the commencement of a new era for our college,—the guarantee of a good future for our Alma Mater.
the Secretary found one ballot cast for these men, and the President declared them elected. The Rev. J. Chauncey Linsey, '86, was nominated for the office of President. He being the only candidate the Secretary found one ballot cast for him, and Dr. Linsey was declared duly elected President for the ensuing year. In like manner and procedure the Rev. E. Tott hill was nominated and elected Vice President, The Rev. A. J. M. Wilson as Secretary; The Rev. S. Wolcott Linsey as Treasurer; and Mr. Arthur Rose member-at-large of the Executive Committee. The Very Rev. Dr. Tisdall was reappointed as Necrologist.

The following motion was proposed by the Rev. Dr. Jessup and seconded by the Ven. Dr. Holden: Resolved, that this Alumni Association respectfully and earnestly suggest to the Board of Trustees of St. Stephen's College that their honorable body take such steps as in thier judgment may be necessary to see that an appeal for not less than $500,000.00 for this College be included in the appeal for $200,000,000 to be made to the Church in this country, in connection with the Nation-wide Campaign which is being instituted with the endorsement and approval of the majority of the Bishops and the Dioceses of the Church. Resolved, that this resolution be communicated to the Board of Trustees immediately. On motion of the Rev. A. J. M. Wilson, seconded by the Rev. H. B. Whitney, the chair appointed as a committee to carry the foregoing resolution to the Board of Trustees at once the Rev. Dr. Jessup, the Rev. H. B. Whitney, and Mr. W. B. Selvage.

On motion of the Rev. Dr. Linsey, seconded by the Ven. Dr. Holden, the following resolution was unanimously adopted: Resolved, that the hearty greetings of the Alumni Association of St. Stephen’s College be sent to the outgoing President of the College, the Rev. William C. Rodgers, D.D., with sincere appreciation of all that he has done for the best interests of the College during his term of office, and with best wishes for a blessing on his life and work in his new field of labor in the Church.

The Rev. S. Wolcott Linsey, seconded by the Rev. C. T. Bridgeaman, that if the Business Manager of THE MESSENGER needs the usual grant of $25.00, it should be given him with the stipulation that every Alumni receive the number with the record of Commencement proceedings. Carried. The Secretary conveyed this motion to THE MESSENGER.

Moved by the Rev. Mr. Fowler, seconded by the Rev. Dr. Jessup, that the chair appoint a press committee of one who should see that an account of Commencement proceedings should be reported to the press. Carried. It was understood that the Rev. Gerald H. Lewis should be this member.

Moved by the Rev. S. Wolcott Linsey, seconded by the Rev. Mr. Blesker, that the Secretary, prior to each Commencement, send an invitation to students about to graduate, inviting them to attend the Annual Meeting of the Alumni Association. Carried.

On motion of the Rev. Mr. Bridgeaman, seconded by the Rev. S. Wolcott Linsey, the Secretary was empowered to draw on the Treasury for the usual amount of $25.00 for his expenses during the year. Carried.

The Rev. Mr. Bridgeaman made an encouraging report of the activities of the Alumni and former students living in and near Philadelphia. At this juncture the Rev. Dr. Jessup reported that the committee, regarding the granting of not less than $300,000 to the College, sent to carry the resolution to the Trustees, had discharged its duties. The minutes of this meeting were read and approved as read.

On motion duly made the meeting adjourned. (Signed) A. J. Wilson, Sec.

Department of Sociology

This year we are able to realize the important department of Economics and Sociology. We are fortunate in having as Professor of this department a man of wide experience and a most able scholar—Dr. Lyford Paterson Edwards. Although with us only a few weeks, he has won the confidence and respect of all who have come in contact with him. His brilliant talent ought to make him a valuable asset both to the College and to the Students. It is with great pleasure that we receive him and offer our hearty cooperation.

Dr. Edwards was graduated from McGill College, Montreal, with honors in Latin and Greek. While taking special work in Greek at the University of Chicago, he was Baptized, Confirmed, and became a Candidate for Holy Orders. After attending the Western Theological Seminary for two years, he was ordained by the Bishop of Chicago. He then became rector of St. Matthew’s Church, Evanston, Illinois, where he built a new Church. For two years he studied in the East, part of the time at Holy Cross Monastery, and then as Curate at St. John’s Church, Staten Island. Then, after two years as instructor in Latin and Greek in the Preparatory Department at Nahotah House, and Instructor in Christian Economics in the Seminary itself, he completed his work for a Doctor of Philosophy Degree at the University of Chicago; and, from his work as Professor of Economics, Sociology, and Mediaeval History at Rice Institute, Houston, Texas, he has come to his present position at St. Stephen’s. Beside his work as professor in so many branches, he is gradually gaining fame as an author. His latest work, “The Transformation of Primitive Christianity from an Ecclesiastical to a Sociological Point of View” is now at press, but its publication is expected in the near future.

A Welcome Change

Of the many surprises the students and Faculty have had at various times in Preston Hall, the most pleasant was the recent change in the system of the management of the dining hall.

We are fortunate enough this year to have with us a person who understands entirely the problem of pleasing the students in respect to meals. Miss Mays T. Southern, of Richmond, Virginia, who was graduated from Columbia University and has made many successes in the practical world, has accepted the position of House Manager and thus far has proved herself more than equal to the task. We are to be congratulated in having Miss Southern at the head of our efficient staff and we wish her every good luck and success in the future.

Instead of tablecloths, which often by the end of the week were worse than none at all, we have clean white runners, and instead of the bare wood we have well polished tables. The tables are always prettily decorated with attractive flowers or berries, and together with the class and cutous pictures kindly amplified by Mr. A. L. Rose, we are very proud of our Preston Hall.

1922-1923

It was Sunday afternoon, September 21st, 1919, that the newly arrived “frosh” congregated and first boasted of their class. Then, in the silence of the Sabbath, in a place unknown to sophomores or others, the tenderfoot made the first noises of the class of ’23. There they elected their officers, there they “pledged” allegiance to ’23, and plotted the downfall of ’22. From that time on the frosh had to try to keep from blushing or showing embarrassment when names were mentioned or suspected in regard to their officers. THE MESSENGER regrets that an interview with the president of ’23 was out of order, it believed an account of sickness on the part of the ’23 leader.

The first apparent signs of animosity showed up on Tuesday night following the Big Sunday. It was after the Froshmen had had a very conservatrive meeting in Cuth’s classroom in Aspinwall and had yelled their yell, for which they are to be congratulated. “Ras’berries ’23” echoed from some sophomores rooms, just as the “inspired” frosh were thinking of leaving the world in peace in order to study Greek.

The sophs paid heavily for those “Ras’berries,” for before long the whole sophomore class, with the exception of one unconscious individual in bed, was struggling and being carried down the campus by the inclement freshmen. Langdon ’22, who seemed to be the backbone of his class and roughly handled in spite of his “robe de nuit,” succeeded in keeping the freshmen busy by his good spirit and heavy body.

When the whistle blew and the “fight” was over, every one went home confident that St. Stephen’s this year had an entering class which possessed plenty of “pep,” and that the frosh had started well.
THE SINGLE SCOURGE OF NATIONS

Our country, thank God, has begun to settle her internal affairs and to renew the customs and pursuits of peaceful times. The period of reconstruction is upon us; while the nation at large is busy at adjustment and is with difficulty resuming the responsibilities of peaceful times, we, a small part of the nation, must be awake to the demands of the new day. It is up to every man in College to put his shoulder to the wheel and do his share in making St. Stephen’s the larger and better place for which we have all so earnestly hoped. We must put aside the small and ignoble and strive for the higher things in our College life. We must make St. Stephen’s into a true institution of “sound learning and loyal work of the holy Catholic Church”—and the only way we can do this is to give our heartiest cooperation to everything that is attempted or done for the betterment and advancement of the College. Let us put down as unworthy of men all those petty jealousies and politics that so easily gain their way into our daily life here. Let us be less ready to criticize or condemn our superiors and our fellows; let us show ourselves to be imbued with a true college spirit; and above all, let us prove ourselves worthy of the renewed interest and support of those without our walls.

ST. STEPHEN’S COLLEGE, at this the beginning of another scholastic year, is facing a new and better day. War, that terrible scourge of nations, has passed with all its horrors and sorrows and our country, thank God, is beginning to settle her internal affairs and to renew the customs and pursuits of peaceful times. Our certing shadow of uncertainty which has been future, too, the vision of the glowing terms, bids fair to be realized under the institution of young men in the small college as well as in the great university. Many of our friends and some of the student body grew pessimistic at times concerning the very existence of our College. At last something definite was accomplished. The Provincial Synod, representing the diocese of New York and New Jersey, recognized St. Stephen’s as a provincial institution, and many encouraging plans were made; but the carrying out of these plans was prevented by the continuation of the war. Then came blessed peace; our Country had emerged victorious from the most brutal war of history, and our beloved College, through the mercy of God, still lived.

The new President has laid down certain principles that he must have a keen insight into the nature and character of young men, and he must be willing to meet them as men. Although college men are of necessity young and impressionable, yet their president must respect to a certain degree their growing beliefs and ideals, and when their views are wrong he must combat them with a spirit of sympathy and comradeship, and not antagonism. In the short time that President Bell has been here, he has shown himself to be possessed of the quality of comradeship with such friendliness toward the student body, and we feel sure that the support and cooperation which we so gladly give him now will grow with time. We love our Alma Mater, with her traditions and ideals, and we can wish President Bell nothing better than this—that he may come to feel toward St. Stephen’s College as we do.

With this issue of THE MESSENGER, the Board of Editors has assumed a new and larger responsibility; we have adopted a new policy—enlargement of the publication and extension of its circulation. As the older men will notice, the form of paper has been changed and enlarged, and it is the intention of the Board to exert every power toward putting out a monthly paper that will be worthy of St. Stephen’s College. THE MESSENGER has undertaken to aid the College in its publicity campaign; every Bishop of the American Church is to receive the paper regularly, as will also many prominent men among both the clergy and the laity, and in this way St. Stephen’s College, with its attractions and its needs, will be brought to the attention of College students, this is your paper, the official mouthpiece of the men of St. Stephen’s; it should be not merely a diary of college life but also a mirror of college thought, and we expect you to play an intensive part in all our activities. Many of you, who are exchanging a high school or preparatory school life for the more serious atmosphere of college, will find difficulties arising which you must overcome. Now, we consider you all as men—men in that you will discard the frivolity of youth for deeper and nobler ideals which are demanded of you. St. Stephen’s is passing through a period of upbuilding and progressiveness. Manifold opportunities are before you to prove your worth. Our new President has laid down certain principles that you better fulfill to the best of your ability. Show him that you have St. Stephen’s at heart. Make him confident that you will uphold her noble past, and, if possible, draw still nearer the old traditions for which she stands. Those of us who are now trying to maintain her traditions will soon be leaving you. Then, whole burden will fall upon you. We are trusting you to cultivate the right attitude at once and not to wait until that burden falls upon you with a crash.

St. Stephen’s, like any other institution, is a benefit to the worthy alone. What are you going to give to your Alma Mater? Does she not expect the impossible, but she does expect that you will freely put forth your most earnest effort. She expects you to give your whole work to the worthy, but what is the work in the classroom, on the athletic field or in any campus activity.
Athletics at St. Stephen's

At the beginning of the new regime it is very evident that athletics are to play an extremely important part in the life of the students of St. Stephen's College. President Bell has shown that he considers a healthy body one of the prime requisites for a sound mind and spirit. One of the most important phases of his policy is his design for the building of a new gymnasium in the near future, a building sorely needed by the college for many years past. To provide for immediate needs, sums of money have been expended for football accessories, a new tennis court has been added to the three already in use, and a court has been built for basket-ball, volley-ball, and hand-ball.

In order to make athletics a matter of interest and benefit to all, the President has seen fit to require that every man in college, with noons a week. It has been rather hard for the men to adjust themselves to this schedule, but it goes on.

Under the leadership of Mr. Roger Daniels, our new physical director, an extensive program in the field of athletics will be carried out this year. Already in the short period of his work here, he has produced a football squad, and arrangements have been made for games with some of the colleges and universities. Immediately after the close of the football season, it is planned to have a strong basketball team which will take part in intercollegiate activities.

In the spring, Mr. Daniels intends to produce one of the fastest baseball teams in the memory of St. Stephen's and a prosperous season is expected.

The Athletic Outlook

ATHLETICS at St. Stephen's, under the policy of the new President, aims toward the physical well being of every member of the undergraduate body rather than toward the system of intensive training in major sports for a limited few. And with this aim in mind, one of the first steps taken was to secure a competent college physician and surgeon to pass upon the physical condition of each man and formulate the type of athletics for the individual to engage in.

The general direction of the present athletic program is under Mr. Roger Daniels, who comes to St. Stephen's from the Army Y. M. C. A. in which he served during the war period. Football and basketball are the two major sports for the fall and winter, respectively. The football squad numbers some twenty-five men out of a student body of forty-five and shows promise of good material. The schedule of games for this year is to be light and with minor teams, principally for the reason that there has been a lapse of two years, and, while the men on the squad are willing, few of them know anything about the rudiments of the game, let alone its finer points; so it would be folly under the conditions to make the present season anything but a preparatory one for next year.

Walter F. Hoffman, captain of the team is the only member of the squad who wears the St. Stephen's "S", and has been a great aid in whipping the squad into shape. The first game with Poughkeepsie High School resulted in a 33 to 9 victory for Poughkeepsie is in no way indicative of the strength of weakness of the team. Simmons, a freshman who was scheduled to play quarterback on the team, was taken to Rhinebeck with appendicitis, and Hinton, another freshman who with Simmons played end on St. Paul's team last year, was out with a pulled tendon. Dickerson played quarter back for the first time in his life and after only three days practice. Unfamiliarity with the plays and the game was the cause of the showing made and much was learned.

The wiseness of the present system of physical examinations was shown in the case of Otto Simmons, slightly injured playing football he came up for examination before Dr. Coolingham, the college surgeon, and it was found that he was suffering from acute appendicitis. In addition to the bump on his head received on the football field, and also had had typhoid fever for several days prior to his coming to college. Prompt medical attention was responsible for an operation and treatment that probably saved his life.

As in former years there is again heard the rumor of a gymnasium. But this time President Bell makes the assertion that the building will actually be under way before the year is out. Twenty-five thousand dollars for the project is in hand and the cost of the new gym will be forthcoming. A new tennis court is being made, the Euclidian court is being resurfaced, and a new outdoor basketball court has been graded and laid out, thus giving new and better opportunities for tennis and basketball.

It is hoped that a satisfactory skating rink can be arranged for this winter which will mean undergraduate hockey teams, it being out of the question to think of competition in this sport with outside teams this year. There is no small amount of talk concerning base-ball heard on the campus even at this early date, when a world series is winding up the current season and the outlook for a varsity team in this sport is good.

Compulsory athletics is on the program this year which means that every man at college must engage in some outdoor exercise even if it only amounts to calisthenics. With the project of a real gymnasium next year, compulsory athletics will take on another angle.

R. D.

The Glee Club

TUESDAY Evening, Sept. 30th, the Glee Club organized for the coming season. Mr. Fowler, with his usual willingness to help, has again consented to direct the work. With such an able leader, the Club cannot help but meet with success. Hoffman, '20, was elected President of the organization. Dickerson, Director; Kidd, '21, as an Assistant Manager. After the formal business meeting, the new men were admitted for the remainder of the rehearsal. New men will be given an opportunity shortly to qualify for membership, that the Club may fill its "quota."

The following resume of a conference with Mr. Fowler will perhaps best reveal the Club's policy. In part, he stated: "Prospects for the Glee Club season are good. For three years we have been working under great difficulties and discouragements; but the interest of the men has been constant. The result of their work will show this year, for, while over one-half the Club will be new men, the old men know the music and have developed a tone which will be commissary to the section or be a weak point in the organization. This section has been weak owing to the scarcity of material, but its weakness should be corrected this year. The leader is relying upon the interest of alumni for arrangements for a tour during the winter or spring. The Glee Club is one of the best assets of the College; it is one of the best possible advertising agencies. Therefore it should have support from the authorities and the alumni of the College. We have the material but want a little encouragement in the form of engagements."

Athletic Association

MONDAY Evening, September 22nd, the Athletic Association held its first meeting and organized for an active year. At the election of officers, Cobwell, '21, was elected President, Hoffman, '20, Vice-President, Castlemoan, '20, Secretary, and Kidd, '21, Treasurer. A strong foot-ball and athletic schedule was outlined by Coach Daniels, after which Pfaffo, '20, was elected Manager of Foot-ball, and Cobwell, '21, as Manager of Basket-ball.
St. Stephen's College
Annandale-on-Hudson, New York
Incorporated 1860.
A Church College which gives a sound education in Liberal Arts and is healthful, moral and physical surroundings, prepares young men for their life work. A broad Curriculum is arranged to meet modern conditions and requirements. The watchword is "Thoroughness."

Faculty

The REV. BERNARD IDDINGS BELL, S. T. B. (Western), President

IRVING F. DAVISON, B. A. (Harvard); M. A., Litt. D. (St. Stephen's); M. A. (Chicago), Dean of the Faculty and Professor of the Latin Language and Literature.

JOHN C. ROBERTSON, M. A. (University of Virginia); Ph. D. (Johns Hopkins), Hoffman Professor of Greek Language and Literature.

LYFORD P. EDWARDS, B. A., M. A., Ph. D. (Chicago), Professor of Sociology and Economics.

EDWIN C. UPTON, B. A. (University of Maine); M. A. (Columbia); Litt. D. (St. Stephen's), Professor of the English Language and Literature.

THE REV. JOHN M. S. MCDONALD, B. A. (Harvard), Professor of Philosophy.

The charges for Tuition, Furnished Room, Board, Heat, Light, is $450.00 a year. The College is easily reached from the N. Y. & R. R. R. Railroad Station at Barrytown. For further information address The Rev. President, St. Stephen's College, ANNANDALE-ON-HUDSON, N. Y.

Chapel Notes

With the coming of the Rev. Bernard Iddings Bell as President of St. Stephen's, a new policy has been instituted with regard to the chapel. In an address to the student body in Preston Hall, President Bell said that a strong religious life for St. Stephen's is a vital part of his policy. A regular participation in the chapel services by every student is necessary if such a condition shall exist. Therefore the President has seen fit to make attendance at daily Evesong compulsory. Saturday alone being excepted. Attendance at the late Evesong on Sunday is compulsory also.

As a part of his new religious programme, President Bell has arranged to have prominent clergymen preach to the student body at Evesong on Sunday, making this the principal sermon of the day and limiting the address at the late Evesong to a ten minute instruction. The first preacher was the Rev. Dean Robbins of the Cathedral of St. John the Divine in New York City. The main thought of Dean Robbins sermon was loyalty, which he suggested as an antidote for the present social disorder. A list of special preachers will be printed in the Messenger each month.

Campus Notes

We are pleased to announce that Otto Simmons, '28, who was recently taken to the Rhinebeck Hospital to be operated on for acute appendicitis, is recovering nicely. The medical authorities were of the opinion that the injury received by Simmons in a football scrimmage in the early part of the season revealed an ailment which has existed for some time, the seriousness of which made immediate action imperative. We had hoped to have him back with us soon but owing to his weak condition, typhoid fever has set in which will necessitate his remaining in the hospital some time longer.

Among other improvements and changes instituted on the campus, a very important one is that concerning the library. The books will be re-arranged and re-catalogued, the work being under the direction of the Rev. Michael Barton, assistant chaplain to the Sisters of St. Mary, Pingelly. Father Barton has had ample experience in this line having been a librarian at Nazareth and having been engaged in library work in an army camp.

Convocation

As far as student activities are concerned, the college year was formally opened on Monday evening, September 29, with a meeting of the Convocation of Undergraduates. The usual routine business was attended to and Convocation decided to have an all-college Halloween party and also to petition the faculty for a holiday on Thursday, October 9.

Quite encouraging was the report of the Treasurer of the gymnastic fund, Cassie Hunt. He reported that during the summer Victory Bonds to the amount of $250 had been purchased, making a total of $1250 in Liberty Loan bonds held by Convocation. This sum will be used for buying equipment for the new gymnasium.

Alumni and Former Students

LIEUT. George MacLeish, U. S. A., was killed in service at Casagaype, Cuba, on September 21.

Lee Lester Rhodes, was ordained deacon recently by the Right Rev. Charles Fiske, Bishop Coadjutor of Central New York, at Binghamton.

The Rev. Frederick Turner Ashton, has resigned the rectorship of St. Paul's, Salem, N. Y., where he has been rector for over eight years, and has accepted a call to Christ Church, Christians Hundred, Delaware.

The Rev. Robert E. Browning, late civilan chaplain at Camp Meade, is now assistant to the Superintendent of City Missions and Chaplain of the Maryland House of Correction at Jessup, Md.

The Rev. Frank J. Knapp, late Director of Athletics, has returned to College after service in the army.

The Annual Reunion Banquet was held at Hoffman Inn, Red Hook, with thirty-eight Alumni present. The affair proved to be very successful.

The Annual Commencement Banquet was held at Hoffman Inn, Red Hook, with thirty-eight Alumni present. The affair proved to be very successful.

The Rev. C. C. Silvester, has assumed the rectorship of All Hallows Church, Wynnewood, Penn.

Anton F. Blaum, '09, for four years an instructor in the Szechuan Provincial College, Chengtu, West China, has been appointed to the faculty of the Bikkoo-Gakuen Collage, Beibaku, Tokyo Prefecture, Japan.

Fraternity News

EULEXIAN

The annual Reunion Banquet held in June was quite successful. About forty of the Alumni were present, as were also members of the Faculty and a number of the Trustees. A very enjoyable evening was spent.

The annual Reunion Banquet was held at Hoffman Inn, Red Hook, with thirty-eight Alumni present. The affair proved to be very successful.

Under the Lyre Tree

'20—What is the difference between the new basketball court, and the guest rules in the Refectory?
'21—One suggests a bill-board and the other suggests a board-bill. (Three groans!)

We hear that Gordon Kidd has many sweet things in store for all of us.

Frosh: Who's the most popular guy on the Campus?
Soph: Give it up.
Frosh: Why, the farmer of course!

(With music)

"Live Men" Appreciate this Store and the Clothing it Sells

This store has justly earned its slogan "Style Headquarters" because of its leadership in styles for men and because it sells SOCIETY BRAND CLOTHES.

EVERY month I am to have this page for a little talk about college affairs with the readers of this paper. I wish to say a word this time to three different sets of people.

First, to the Alumni: Most of you I have never met; but I can, notwithstanding, assure you of my pleasure in calling you friends. Many of you have written me most enheartening letters. Let me enhearten you. The men who are here this year are of a mighty good sort,—downright, out-of-door, clean-living, straight-thinking, virile men. They have some real religion, most of them, but they don't chatter much about ecclesiastical millinery. Most of them have seen service, and they do not indulge in much chatter about that, either. They are the sort we wish. The place is full almost to capacity. Next year, from engagements already made, there will be so many that I won't know where to put them. We must either build, or else turn the Annandale people into a race of room-letters. Do come up and see the old place with these new men, at Commencement,—or before, if you can arrange it.

Second, to those thinking of sending men here: This College, sixty years old, situated in the most beautiful part of the Hudson Valley, is looking for men who want college work of the older fashioned sort, with classics and the things which go with them, combined with a thorough training in modern problems of thought and life. We live a simple life, with strong democratic fellowship, clean and sane sports, and genuine scholarship. Our men study hard, play hard, pray hard. If a prospective student is a real man, he will like this place, be happy, and grow in manhood and knowledge. If he isn't that sort of a lad, keep him away. The charges are $450 for everything,—low because of simple living. (The physical care is looked after by the best surgeon in these parts, a skilled coach, and a graduate dietician. Artisan water, pure milk, country food.)

Third, to the undergraduates. You are well started on a good year. Read the paragraphs above this. You see what I think of you. It is because of you that I can write that sort of thing truly. Scholarship but no grinds, sportsmanship but no sports, piety but no poseurs,—that is Saint Stephen's. That is you. I know it. I am proud of you.

President.

Edward D. Deming
