Dr. Tewksbury Commences Work At Saint Stephen's

Rev. Miles L. Yates
Appointed Chaplain; Four Others
Assume Positions

On May 30, 1933, Presi-
dent Tewksbury and his
associate Professor of
Music, Donald George
Tewksbury, M.A., Ph.D.,
then Associate Professor
of Art, moved to Saint
Stephen's to begin their
work at the college. It
was the first time that
Tewksbury had left his
home of thirty years in
Annandale-on-Hudson,
N.Y. He had been
Principal of the High
School for Boys in
Peking, China, in 1894, and had
been there for a year.
In 1895, he was mar-
tied to Miss Helen Taylor Plumb of
Peking, China. He was a
native of Iowa.

St. Stephen's had a
vast experience in ecclesiastical
administration. After spending
two years at Oberlin College, Ohio,
he was graduated from Columbia
College with the class of 1926, and
subsequently attended Williams
College and received his
M.A. degree from
Yale University.

In addition to being associate
professor of English and
Professor of Latin, St. Stephen's
had a special study in
Modern Languages in
1922; he was awarded the
college's degree of
Doctor of Divinity by
Columbia University.

The Rev. Miles L. Yates
has been appointed
Chaplain and Professor of
Religious Education, and Professor of
English at Saint Stephen's College.
Annandale-on-Hudson, N. Y., is
now the home of Dr. Tewksbury.

Dr. Tewksbury, who
joined the faculty of Saint
Stephen's in 1933, is
responsible for the
introduction of a new

The LYRE TREE

The LYRE TREE editorial is an organ formed for the first time in a year. Financial troubles and a general lack of interest in the page caused a suspension of publication during the last college year except for one issue. Last spring an editorial and business board was chosen from students interested in seeing the page revived and a new administration appointed. There are many reasons why we would like to see the LYRE TREE put out at regular intervals during the college year. First, we are well aware that a feature of the extra-curricular work of any college paper is the opportunity it offers for students concerning the affairs of their institution. Another is the college year's interest in the college paper, particularly as in the new issue to be printed, the LYRE TREE a success is to carry outside the college walls and express itself in the interests of the student, which they would not be likely to receive except through these columns. We know that there must be many students who do not, in their hearts, believe the LYRE TREE can do a job that is interesting. The paper has several obstacles in its path which are not altogether successful to its success at the present time we have only a few students as we have always had. A period of enthusiasm prevailing from the kind of students who would permit us to work free of financial worry. We are glad, if we are here in this cut of the year to try and substitutions. We send this first issue to many students and are anxiously waiting to hear in the least possible manner, in order that we may feel free to go ahead with the plan we have already made. As the editor is small and his work well, the price is small and our hopes high. How about it?

Greeks

It is with gratification that we send bear of the fine and favorable comments which have greeted the first volume of Dr. Joseph K. E. Hardy's "Greeks," recently issued by the Columbia University Press. Those who have read this book will be quick to respond to the invitation which comes with it. The book, as a whole, has been received with enthusiasm by scholars, and those who have not had the opportunity of reading it will be pleased to learn that it is now available for purchase. The book contains a concise and readable account of the history and culture of the ancient Greeks, and it is notable for its wealth of information and its entertaining style. The author, who is a well-known scholar, has written with authority and insight, and his book is an excellent introduction to the study of Greek civilization.

I wish to express my thanks to the Columbia University Press for the opportunity to review this book. I am confident that it will be welcomed by students and scholars alike.

Thank you for your attention.

Sincerely,

Varsity and Tri-Sig Clubs Reorganized

The Tri-Sig Club and the Varsity Club have been revived this fall after two seasons of inactivity. Both organizations hope to dwell on the important features in the life of the St. Stephen's campus.

The Varsity Club, now in the membership of the Tri-Sig Club, one must have entered every one letter in three different sports, or two in any one sport and one in a second. To be eligible for the Varsity Club, one must be a sophomore or an upper-classman, and must have received a letter in any one sport, or as manager of a sport.
