Bard Delegation To Represent States of Washington and Missouri

Four members of the Bard Forum will represent two states of the Model Senate, which is a Model-Female in which undergraduates from many universities and colleges will sit, conducted at Vassar on Friday and Saturday of this week.

Three national problems will be presented to the groups in its two-day session. The measures facing the representatives are: (1) a bill to provide for the establishment of unemployment insurance for all workers and farmers unemployed through no fault of their own; for the aforementioned insured, provided at the present expense of the federal government and employers under the administration of the Secretary of Labor; (2) a bill to provide for the formation of a Federal Council of Finance to institute, participate or act in any manner by an individual or individuals to take into their own hands the punishment of any act of law; and (3) a bill authorizing raising of the League of Nations.

The bard men, Martin Goldstein and Arthur Kent, will represent the states of Washington and Missouri.

Goldstein will sit on the committee considering the formation of the League of Nations.

with the Association of College Editors whose members are editors of campus publications.

"In view of the repetition for accuracy which The Literary Digest polls have established with smaller percentages of returns, it is safe to say that the results of the College Peace Poll portray an accurate cross-section of opinion in American colleges.

"In answer to the question, 'Do you believe that a national policy of an American Navy and Air Force second to none is a sound policy for liberal educational policies, if an American membership in the League of Nations is established?' the colleges voted a favorable majority in fifty-five and a minority of a hundred and thirty-three colleges.

"It is interesting to note that in the Princeton South, where economic internationalism is synonymous with economic security, with few exceptions the colleges voted against entry into the League of Nations. It is also interesting to compare returns from colleges in the same state on the League question. The University of Illinois opposed entry; the University of Chicago voted in favor of entry; the University of Michigan favored entry; Michigan State opposed American membership in the League.

"The College Peace Poll was extended to one university in Canada in order to get a test vote of Canadian sentiment. Queen's University in Kingston, Ontario, was selected. The questions asked the Canadian students were substantially the same as those on the ballots for American colleges — altered, of course, to fit the special case.

"For instance, the fifth question on the Canadian ballot was phrased: 'Should Canada remain in the League of Nations? An overwhelming majority — 95.14 per cent. of the votes, advocated that Canada should remain in the League.

Freshman Frolic Plans Announced By Class of '38

The plans for Saturday, March 2, promise a full day of activities. An original play, promoted by the Class of 1938, will be presented in the Bard Theatre early in the afternoon. This will be followed by a basketball game, Bard vs. Alumnae, in the Memorial Gymnasium. Sigma Alpha Epsilon will hold a tea dance at their house in Annandale from four until seven. Personality dances, as usual, will be given Saturday evening by Kappa Gamma Chi and Faelixian at their houses in honor of the week-end events.

social program the present generation desires. It is no more right than that we should express our opinions through such an agency as this model senate. Vassar College is proud to be the agency through which this opinion reaches articulation.

Among the institutions which have already accepted invitations to the conference are: Lehigh, Hamilton, Rochester, Elmira, Amherst, Antioch, Providence, New Rochelle, Skidmore, Bard, Smith, Wellesley, Stanford, Dartmouth, Wesleyan, William Smith, Alfred University, New Jersey College for Women, Union, Lafayette, Mount Holyoke and Rutgers.

The interests of Louisiana and Huey P. Long will be protected by Vassar group, including Van Der Zee, Frost, Dienst, Gildersleeve. For the first time, providing enough interest is secured, a trip may be made to Bolivia, Connecticut, about forty miles away, which has excellent camping facilities.

Skiing Enthusiasts Take Advantage of Heavy Snow

Skiing, one of the revived and sought after sports under the new Rand program, is revising attempts to make a ski jump in a small but consistent number on Wednesday and Saturday afternoons. This group, under the direction of Dr. Barnes, practices informally in the afternoons, weather permitting, on the Zabriskie estate.

To date, the trips have included a visit to Eliabille, ten miles east of Rock City, which is easily accessible and well suited for men learning to ski. At present, the numbers comprising the skiing group include Walling, Bowen, Frost, Dienst, Gildersleeve, Hindi, Stewart, and McGee. For the future, providing enough interest is secured, a trip may be made to Bolivia, Connecticut, about forty miles away, which has excellent camping facilities.
College Population Increased by 10% Throughout U.S.

Number of Freshmen More Numerous In Almost Every College

New York, N. Y., (USFA)—An encouraging average enrollment increase of 9.4 per cent over last year is evident from figures released to student government officials to the National Student Federation. While college enrollment of the most marked increase attribute this condition to a higher freshman registration, and in other parts of the country immigration of students from foreign countries is credited. Federal relief for the start-time unemployment is responsible for at least 50,000 new students registration, almost 6 per cent of the total collegiate population. Lester G. Brown and Colgate which have definite freshman limitations report 9.5 per cent increase in applications. In the Middle West there is no single report indicating enrollment decrease and on the West Coast, where the University of California at Berkeley leads the field with a 14 per cent increase, there is a definite indication that final figures will prove an upwards higher than the national average.

George L. Ackerman is Appointed To Sports Staff

George L. Ackerman, a graduate of Springfield College with the class of 1929, has been appointed assistant director of athletics at Bard for the semester now in session.

Mr. Ackerman was for several years associate director of athletics at the Horace Mann School in New York, where he had a significant record as coach of football and basketball. He has also instrumental time in building up a strong program of intra-mural sports.
