Dedication

I would like to dedicate my Senior Project to Leo Belsky & Ivan Tamayo.

Acknowledgements

I would like to extend a very special thank you to all musicians that are involved in this album.

Artist Statement

I started out my musical journey through rap and electronic production. This senior year I decided to challenge myself and expand the boundaries of what I know to be music. Through this process, I feel that my actual musical journey has just now begun. This album is a representation of change. It includes the vibrations, energy, and heart of every single person who has contributed in any way. I am extremely grateful to all musicians that have played on my album, musicians who have provided advice and guidance, and the music technicians and professors who have kept the wheels on the bus. A special thank you to my two brothers **Leo Belsky** and **Ivan Tamayo** . Wake me up later.
