six plays

The Bard Drama Department presented a series of scenes from English comedy in the theatre a few weeks ago which were directed, acted, and designed by students. To say that the presentation of these plays was not course true and no one expects a reviewer to say this. A reviewer is also a student; watching his fellows do their best to delight him as well as to improve themselves, moreover, he must say that these plays and their producers proved an impression which was pleasant and altogether entertaining. Sitting in the audience and regular office hours in which it receives complaints and suggestions from students.

A member of the staff will be in the Community Government office (in the Art Library) Monday to Friday, from 7:00 to 7:30 P. M. "The purpose of the committee," as defined by Harvey Edwards, its chairman, "is to act as a link between students and EPC, which in turn is the liaison between students and faculty. Complaints of an academic nature only will be dealt with."
LATE NEWS:

a.—Have you read the funeral edition?

b.—1. International student weekend well received. 2. Where is 21st district in N. Y.

c.—Mark says: "Harold's food is better."
