HEARING HELD ON REPEAL OF THE IVES LAW

Albany, N. Y. --(NSFA) -- Student and faculty delegations appointed early this week to meet at the New York Assembly and confer with Assemblymen on the subject of the Ives Law appointed to hold a hearing today on the repeal of the IVES law for the State University of New York. The delegation is composed of students and faculty members from the local colleges and universities. The delegation is being led by Professor Alice P. Snyder of Vassar College, who will act as chairman.

The IVES law, which was enacted in 1934, is designed to suppress the teaching of communism in the state colleges and universities. The law has been bitterly opposed by many educators and students, who believe that it is a violation of freedom of speech and thought.

The delegation will make its case for the repeal of the law, and will also present evidence of the detrimental effects of the law on the education of students and the development of intellectual freedom.

Professor Snyder said, "We believe that the IVES law is a threat to the free and open exchange of ideas, and that it violates the principles of academic freedom. We urge the Assembly to repeal this law and allow our students and faculty to teach and learn without fear of interference or punishment."
To Fight Restrictions
On Academic Freedom

Commission, Result of 18 Months Research, to be Headed by Frederick L. Redeker of Teachers College.

New York—(ACP)—Formation of the Commission on Educational Freedom to lend financial and legal aid to school teachers and other educators who are dismissed because of their political, economic or social beliefs, has been announced by Frederick L. Redeker, executive secretary of the Progressive Education Association of Columbia University Teachers College.

This commission, the culmination of 18 months of study and research by the Association, will endeavor to help educators who are dismissed through discrimination and whom rights to academic freedom are threatened.

"Every year numbers of able and forward-looking teachers are dismissed and many more are threatened into silence or conformity," Dr. Redeker declared in making the announcement, adding that educators must view with "deep concern" any move to prevent teachers from expressing themselves openly or criticizing the social order from any angle.

Other educators agree. In explaining the need of the commission, William H. Kilpatrick, Columbia professor of education, pointed out:

"The years just ahead will challenge American education beyond anything historians know. Our democratic civilization will either fall with the thinking done by the American people on our social, economic and political problems. We who teach must help the rising generation to yet higher standards who teach must help the rising generation to yet higher standards."

IT CAN'T HAPPEN HERE

Cambridge, Mass.—(ACP)—Discovery of an ancient "butty" ledger of Harvard college shows the appetite of yester-year.

For one meal, in August, 1729, the "butter" purchased milk, eggs, sugar, flour, onions, "leg" of mutton, pork, squash, butter, "pigeons," bread, app.; pie and wine—all for £1.5.

Another dinner, this one in October, featured pork, cheese, "boule," "boule," "boule," carrots, turnip, apple pie and wine, and cost about $5.

"IT PAYS TO BE THRIFTY"
COREY SPEAKS AT CONVOCATION

At Convocation, Wednesday, February 18, 1936, Mr. Lewis Corey, author, economist, and lecturer, expounded his theories concerning the crisis of our present economic system.

The purpose of his lecture, Mr. Corey said, was the explanation of the problem of prosperity and depression. He pointed out that prosperity and depression in the United States has so far existed seven years, and we are still far from complete recovery. It is the worst depression the United States has seen. Mr. Corey estimated the losses for six years of this down-plunge to be two hundred sixty billion dollars, an amount equal to the income of the United States during its three most prosperous years, namely, 1927, 1928, and 1929.

Mr. Corey declared that the deriding cause in the prosperity depression cycle is the capitalist productive system which we rely on. The two reasons for this up and down movement are the making of profit, the dominated force in capitalism, and the fundamental error of the conversion of this profit into more profit, which is converted into more capital. In this circle there is a periodical tendency to over-produce and over-expand.

According to Mr. Corey, the agents which caused the upward movement during the years 1923 through 1929 were the accumulations of the shortage of building, a shortage created by the prevailing depression in 1923. In old industries, and the development of new industries, there was a basic cause for the ensuing depression was the different movement in the factors of production. Although the productivity increased 15%, the money wages rose 13%, and the real wages didn't increase at all. Dividends rose 17% and the results of speculation rose 350%. Gradually the capital goods output increased more than the consumption goods output, increased 700% while consumption goods increased only 60%. Proportionately, in this depression capital goods went down more than consumption goods.

Mr. Corey stated that the over-equipping of capital goods is one reason for the duration of the present depression.

E. DAN TO GIVE VIOLIN RECITAL

On Sunday evening, March 19th, Eliaan Dan will give a violin recital in Bard Hall. He will be assisted by Miss Alice Keystebach at the piano. The first half of the program will include a sonata by Hen­ lius and the Romando A major of César Franck. These two sonatas are admirably contrasting. The second half of the program contains the 18th century being short and an­ cient. It is acoustically less important and has a much greater depth of emotion. This is a work of art that stands alone in the violin and cello literature.

The program continues with the Bach Concerto in E major. The concluding group has two examples of the art of music; the Al­ hamblant of Wagner and a Rondo by Richard Strauss. The program is under the direction of Con­ servatory Quick, John Hicks, Jackson Baker, and Walta Smith.

BARD THEATRE TO TAKE PLAY OFF CAMPUS

(Continued from Page One)

The American Liberty League claims a membership of 200 among Rutgers students.
In the tradition of the Bard Theatre, there will be an exhibition in the Green Room this month. We look forward to seeing the results of the "20th Century," that into the Carnegie Art Set and their beautiful appearance. A special group of photographic students, working under the supervision of Messrs. Ping, Greiner, Remarque, and Braune, each has lent his hand to a portion of this magnificent exhibit. While some of these pictures will be circulated among students of the college after the show and some are to be loaned to the high school, the semester of students desiring them will be limited to 10 or 20. You have my word that they will be returned on time. We would ask you to consider the seriousness of the situation, as well as the interest of our facility in the community. The theater is being the scene of a few performances. We have no means of knowing what the public will think of these performances, but we do hope that they will be enjoyed by those who attend them. We have also arranged for the use of the theater as a place for the exhibition of photographs by students of the college. We hope that this exhibition will be of interest to the public and that it will be successful.
HIGHLAND H.

The Bard College Junior Varsity Basketball team lost to Highland H. and period, --+++

Vienna.

The Bard team will play Hamilton in the second game of the season. Although Highland had been arran-

ge a book on basketball The Bard College Junior Varsity series with Drew has been arrang-

ed a practice of playing heavier and seem-

ing to us that one of the rea-

sons for this is the difficulty of dis-

covering rapidly. That
day, setting; another one, which left Bard ahead, 18-17. Late in the second half, Nieman ac-

counted for three,

while Bricker made two. After half, both teams had sunk six two-pointers and the game sur-

pled into a 33-23 deficit.

The Bard team will play Hamilton in the seventh and Alum-

nial game on the fourth and the fourth of March, as

In the first half, Bricker hit three and made a free throw, bringing its total to 33-16 before the halfway mark. Nieman scored for three, against R.P.I.

While it is comparatively simple to point out the advantages we en-

joying, it is more difficult to dis-

cover every team we didn’t win. One of the rea-

sons was lack of offensive strength;

the other was our inability to keep our first basket of the second half. But then Bard, taking a lead of eight points, brought its total to 43-16 before the halfway mark, although Highland did not score until 10 minutes later, with Levon- 

ing 2 points per minute. With its defense, it seemed to us that one of the reasons for this is the difficulty of dis-

covering rapidly. That
day, setting; another one, which left Bard ahead, 18-17. Late in the second half, Nieman ac-

counted for three,

ALUMNI NOTES

The Very Reverend Dr. Leopold Kroll, K.C., was consecrated Bishop of the Missionary District of Liberia, West Africa, on February 23. The consecration ceremony, which lasted more than two hours, took place at the Cathedral of St. John the Divine in New York City. For the past eight years Dr. Kroll has been dean of Holy Trinity Cathedral, school at Port au Prince, Haiti. Two of his sons attended the College, of whom the older, the Reverend Leopold Kroll, K.C., O. P. C., is now a missionary in Liberia. Bishop Mons, Kroll will start for Liberia on March 31, going by way of England.

The speaker at the March dinner of the New York Alumni Club will be Mr. Ben Howe, Chairman of the City Fusion Party. Mr. Howe, who directed Mayor LaGuardia's campaign for election, has had a long career in politics. He began back in the '90's in a reform movement in St. Louis, in which he was associated with Robert W. Gingham, now ambassador to England. He has fought corruption in St. Louis, Cincinnati and New York. He was one of the organizers of the American Labor Party and the Farmer-Labor Party. His book, "The Professional Man and His Government," is a help to and organization of the League of Independent Political Action, the Committee of 150, and the present Fusion Party. His subject will be "The Professional Man and His Government." The dinner will be held as usual at the Columbia University Club, 4 West 41st Street, New York City, on Thursday, March 14.

Pierre Gustionoff, '35, is an instructor in Russian in the Berlitz School in New York City. At the same time he is carrying graduate work in French at Columbia University.

James Finazzo, 35, announces the following men for the Alumni Games on March 14: Riccardi, Captain; Reid, Captain; Good, '32; Everett, '33; Fuso, '30; Lemley, Captain; Good, '32; Everett, '33; Mason, '30; Gallant, '29. Other names may be added later.

Gardner Riley, '31, who is doing...and Chesterfields are usually there...it's a corking good cigarette
